STATEMENT.

On request of Senator Anthony, the following statement was ordered printed in the Journal:

STATEMENT REGARDING \$10,000,000 TO BE PROVIDED FOR PANAMA-PACIFIC EXPOSITION.

The Panama-Pacific International Exposition Company holds that the Panama-Pacific Exposition and World's Fair, to be held at San Francisco in 1915, to celebrate the completion of the Panama Canal, can not succeed unless, in addition to the \$7,500,000 recently subscribed in San Francisco, both an additional \$5,000,000 be raised for the exposition in the next four years by California state taxes, and a further \$5,000,000 be contributed to the exposition company by the city and county of San Francisco, which shall assume a bonded indebtedness for that amount.

It is to be noted that San Francisco already has bonded debts as follows: (issued) \$23,000,000 bonds, for municipal improvements and municipal ownership, for which the city of San Francisco is being taxed to pay off both principal and interest; (authorized) \$45,000,000 bonds, to complete the Hetch Hetchy water supply system for San Francisco, for which the city will soon be taxed to pay off both principal and interest; (to be voted on in November, 1910) \$10,000,000 bonds, for the Islais Creek project to provide San Francisco with an inner harbor. Though the Islais Creek bonds will be paid for out of the harbor dues, yet San Francisco will bear the greater part of the expense, also additional millions of bonds are contemplated for important and necessary municipal improvements and amenities, including tunnels under Twin Peaks and Stockton street, also parks, boulevards, children's playgrounds, and public buildings.

Under the call for this extra session, San Francisco will issue \$5,000,000 of bonds for exposition purposes, principal and interest to be paid by the city. Also under the call for this extra session, the entire State of California will be taxed \$5,000,000 in four years for exposition purposes. However, since San Francisco pays one-fifth of the taxes of the State of California, therefore, in the four years San Francisco will pay \$1,000,000 of the \$5,000,000 to be raised by state taxation (this in addition to the \$5,000,000 of San Francisco bonds for exposition purposes, making \$6,000,000 in taxes from San Francisco for exposition purposes).

The public spirited individuals and concerns enjoying large incomes, and interested in, or who will be benefited by, the exposition, recently subscribed \$7,500,000; but, in order to assure success, it transpires that those who will not be benefited by the exposition must contribute taxes. This means the small taxpayers, the small property holders of San Francisco and of the State.

Taxes fall heaviest upon the small property holders and those of limited means. They have to provide for their families and for their health and education. They may have debts. They may have sickness and other emergencies. They are burdened with every added dollar of taxes. Yet, under the new order of things, the small property owners may find their taxes doubled. These are the taxpayers of the State who will feel the weight of the taxes, whether in the cities or on the farms, whether in San Francisco or elsewhere.

A few years ago, San Francisco had one of the lowest tax rates under the dollar limit; but the indications are that San Francisco not only will have one of the highest tax rates, but also that the small property holders of San Francisco will soon find themselves helplessly mortgaged.

I earnestly advocate that the exposition be held; but these conditions are serious and should be understood.

REGULAR ORDER OF BUSINESS.

Senator Wolfe moved that the Senate do now proceed with the regular order of business.

Motion carried.

CONSIDERATION OF DAILY FILE.

SENATE CONSTITUTIONAL AMENDMENT No. 52.

resolution to propose to the people of the State of California an amendment to the Constitution of the State of California amending Section 22 of Article IV, relating to how money may be appropriated and drawn from the state treasury.

The Legislature of the State of California, at its extraordinary session of the thirty-eighth session, commencing on the sixth day of September, 1910, two thirds of all the members elected to each of the houses of said Legislature voting in favor thereof, hereby propose that Section 22 of Article IV of the Constitution of the State of California be amended to read as follows:

"Section 22. No money shall be drawn from the treasury but in consequence of appropriations made by law, and upon warrants duly drawn thereon by the Controller; and no money shall ever be appropriated or drawn from the state treasury for the purpose or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the State; nor shall any grant or donation of property ever be made thereto by the State; *provided*, that notwithstanding anything contained in this or any other section of this Constitution, the Legislature shall have the power to grant aid to the institutions conducted for the support and maintenance of minor orphans, or half orphans, or abandoned children, or aged persons in indigent circumstances—such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions; *provided, further*, that the State shall have at any time the right to inquire into the management of such institution; *provided, further*, that whenever any county, or city and county, or city, or town, shall provide for the support of minor orphans, or half orphans, or abandoned children, or aged persons in indigent circumstances, such county, city and county, city, or town shall be entitled to receive the same pro rata appropriations as may be granted to such institutions under church or other control. An accurate statement of the receipts and expenditures of public moneys shall be attached to and published with the laws at every regular session of the Legislature."

Provided, however, that for the purpose of raising five million dollars (\$5,000,000), to be used in establishing, maintaining, and supporting in the city and county of San Francisco, State of California, an exposition of commemoration of the completion of the Panama Canal, to be known as the Panama-Pacific International Exposition, the State Board of Equalization shall, for the fiscal year beginning July 1, 1911, and for each fiscal year thereafter, to and including the fiscal year beginning July 1, 1914, fix, establish, and levy such an *ad valorem* rate of taxation, as when levied upon all the taxable property in the State, after making due allowance for delinquency, shall produce for each of such fiscal years a sum of one million two hundred and fifty thousand dollars (\$1,250,000). The said taxes shall be levied, assessed, and collected upon all property in the State of California, of every kind and character, not exempt from taxation under the law, as the same existed on the 1st day of July, 1910, and in the same manner, and by the same method, as other State taxes were levied, assessed, and collected under the law, as the same existed on the 1st day of July, 1910. The State Board of Equalization shall each year, at the time it determines the amount of revenue required for other state purposes, determine, fix, and include the rate of tax necessary to raise the revenue herein provided for.

There is hereby created in the state treasury a fund to be known as the Panama-Pacific International Exposition Fund, and all moneys collected pursuant to this provision, after deducting the proportionate share of the expense for the collection of the same, shall be paid into the state treasury, and credited to such fund. All moneys so paid into such fund are hereby appropriated, without reference to fiscal years, for the use, establishment, maintenance, and support of said Panama-Pacific International Exposition; *provided, however*, that no tax provided for herein shall be levied until the said city and county of San Francisco shall bond itself in the sum of two million dollars (\$2,000,000) to be used and expended in establishing, supporting and maintaining said exposition. No tax, license fee, or charge of any kind or character shall ever be levied or assessed or charged against any property of said Panama-Pacific International Exposition, or against any property used as exhibit thereon.

There is hereby created a commission to be known as the Panama-Pacific International Exposition Commission of the State of California, which shall consist of the Governor of said State and four other members to be appointed by the Governor, by and with the advice and consent of the Senate of said State. The members of said commission shall receive no compensation and shall hold office until such exposition shall have been closed and its affairs settled. Said four members of said commission shall be selected from different sections of the State, and the appointment thereof shall be made by the Governor of the State during the month of February, 1911. The commission hereby created shall have the exclusive charge and control of all moneys paid into the Panama-Pacific Exposition Fund.

The Legislature shall pass all laws necessary to carry out the provisions of this Act, including the manner in which moneys shall be drawn from the state treasury by said commission; where contracts and vouchers shall be filed; to whom and how

often reports shall be made; what disposition shall be made of any sum left unexpended or received from the sale of any property or buildings purchased or constructed by said commission for the use of said exposition, or of any disposition of any building or improvement constructed by said commission out of said fund.

SENATE CONSTITUTIONAL AMENDMENT No. 53.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California, authorizing the city and county of San Francisco to amend its charter in aid of Panama-Pacific International Exposition, and to that end amending Article XI of said Constitution by adding a new section thereto, to be known as Section 8a.

The Legislature of the State of California, at its extraordinary session of the thirty-eighth session of the Legislature commencing on the sixth day of September, 1910, two thirds of all the members elected to each house of said Legislature voting in favor thereof, hereby propose that Article XI of the Constitution of the State of California be amended by the addition of a new section to be known as Section 8a, said new section to read as follows:

Section 8a. The charter of the city and county of San Francisco may be amended, in addition to the method and the times provided in Section 8 of Article XI of the Constitution, in the following particulars:

(b) Providing that any bonded indebtedness incurred for the purposes aforesaid shall be exclusive of the bonded indebtedness of the said city and county limited by Section 9 of Article XII of said charter;

(c) Granting to said Panama-Pacific International Exposition Company the exclusive possession and use, together with the management and control, of that portion of Golden Gate Park in the city and county of San Francisco westerly from Twentieth avenue, as extended for such exposition purposes; such possession and use, also management and control, to terminate not later than one year after the closing of such exposition;

(d) Granting to said Panama-Pacific International Exposition Company the exclusive possession and use, together with the management and control, for such exposition purposes, of any lands held by the Board of Education of the city and county of San Francisco, and by the city and county of San Francisco, not to be used for such possession and use, also management and control, to terminate not later than one year after the closing of such exposition;

Senate constitutional amendment read.

During the reading of the Senate constitutional amendment the following amendment was offered:

By Senator Burnett:

Amend Senate Constitutional Amendment No. 53 as follows: By adding after line 33, page 2, the following paragraph, "The disbursement of all moneys derived from said bonds shall be accounted for by said Panama Pacific International Exposition Company by an itemized statement thereof, to be filed with the auditor of the city and county of San Francisco."

Senator Welch stated that the introduction of this amendment in the Senate at this time would necessitate the reprinting of the constitutional amendment and result in loss of time. That if Senator Burnett would consent to the withdrawal of his proposed amendment he would see that said amendment was introduced in Senate Constitutional Amendment No. 53 in the Assembly, to which house Senate Constitutional Amendment No. 53 was about to be transmitted.

Thereupon the amendment was withdrawn by Senator Burnett.

The question being on the adoption of the Senate constitutional amendment.

The roll was called, and Senate Constitutional Amendment No. 53 adopted by the following vote:

AYES—Senators Anthony, Bell, Bills, Birdsall, Black, Roynton, Burnett, Campbell, Cartwright, Curtin, Cullen, Finn, Hare, Hartman, Holahan, Kennedy, Leavett, Lewis, Martinelli, McCartney, Miller, Price, Reilly, Roseberry, Rush, Sanford, Stetson, Strobridge, Thompson, Walker, Weed, Welch, Willis, Wolfe, and Wright—35.

NOES—Senator Caminetti—1.

Senate Constitutional Amendment No. 53 ordered transmitted to the Assembly.

SPEECH BY SENATOR CURTIN.

On motion of Senator Wolfe, the following speech by Senator Curtin was ordered printed in the Journal:

As my friend from San Bernardino has said of me on other occasions of matters of legislation, I have a few observations to make on this matter.

I regret that my friend from San Luis Obispo has been, by the action of a convention held in his county, precluded from making the vote on this measure unanimous. If, by the final vote on this measure the action of this body, they would bind the State to raise the money herein mentioned and preclude the people from considering the measure at all, I, for one, would hesitate long and think seriously before I should vote not to levy the tax provided for in this amendment.

For many years the subject of uniting the Atlantic and Pacific oceans has engaged the attention of the people, not only of the United States, but of the whole

world. The problem has been before the American people for many years, and they have at last concluded that these two oceans should be connected by a canal, and it is now reasonably sure that that undertaking will be finally completed before January 1, 1915.

The extent of the trade and commerce the linking of these two oceans will make is beyond human comprehension. We have only the lamplight of the past for guidance in the future. Past undertakings of a similar character in connecting other bodies of water, such as the Suez Canal and inland canals in other countries, have resulted in great public benefit, and the world concedes that the completion of the Panama Canal will, from the commerce resulting therefrom, exceed all other undertakings, and the world generally is looking to the Pacific coast to receive the greatest benefit from the commerce. Problematical, therefore, as to extent of the commerce to be thus encouraged, but all sanguine that such will be the result of this great undertaking and that the Pacific coast will reap the largest benefit therefrom, the eyes of the world are resting on this coast, and waiting for the final action of Congress on the contest now pending for the award of Federal recognition on the holding of this exposition.

San Francisco, possessing one of the most magnificent harbors in the world, where such commerce must necessarily largely be handled and be the distributing point, proposes now to celebrate the occasion of the completion of that canal and thus invite the world to visit us, and while studying the problems that will result from the completion of the canal, become familiar with the wonderful and bountiful resources of this State.

As has been said, it is beyond human comprehension to understand to what extent that commerce will reach; therefore, for a period of two years before and for the same or a longer period thereafter, and thus waiting for conditions to finally develop so that the results that will flow from the completion of this canal will be solved, the people of the Pacific coast should be among the pioneers on the forward march in obtaining that result. I, therefore, assume that there is no division in the State of California on the opinion that, for the period above mentioned before and after the completion of that canal, the Pacific coast, and California in particular, will receive great benefits and have within its borders people from all parts of the civilized world. Political conventions for several years past have demanded that the people be given a chance to express themselves on matters of great importance. That demand is almost unanimous, and as this measure is merely a referendum where final action by the people alone will give it effect, I, for one, shall record my vote in favor of giving the people that opportunity. It is true that sometimes people hesitate to vote upon measures whereby they are to increase their burden of taxes, and as it has been said here that if we adopt that measure, the *ad valorem* tax to be levied necessary to raise the money specified by this amendment will not be the only *ad valorem* tax, since the State will be compelled to expend money in the erection of its own building and exhibiting its own resources, and, therefore, in order to allay the fears of any member on that subject, I shall further impose upon your time by making some reference to the operation of Senate Constitutional Amendment No. 1, of which I am the author, and which provides for the separation of State from county taxes, and allowing a different source of revenue for each. Under the present system of taxes, the *ad valorem* system, the fiscal methods never keep pace with the economic facts, and, therefore, the sources of revenue that will provide the money for the support of the state government will increase with the increase of business of the corporations to be taxed thereby, and they will be made to share with the government the benefits resulting to their business, and to which share the government is justly entitled. To make this clear to you, it is provided that the State shall obtain its revenue from public service corporations by taking for its tax a percentage of their gross receipts. It must be conceded, therefore, that the wear and tear on the property of these public service corporations during the period mentioned and for a long time prior thereto and thereafter, that wear and tear will cause depreciation, and yet a large increase in profits will result. By the application of the *ad valorem* system, therefore, these corporations will benefit by these results, yet the State will get no benefits therefrom saving its physical valuation tax. On the other hand, if Senate Constitutional Amendment No. 1 be adopted, the tax of the State will be increased largely, for the reason that out of the increased earning of the railroads, including street railroads, the State will get \$4 out of every \$100, and that there will be increased earnings by the railroads that run into this State, as well as city street railroads in San Francisco, no one can doubt; and this will be general throughout the State, because all the people who come to this fair will not stop in San Francisco, but will visit different parts of the State. The revenues of this State will, therefore, largely increase, while the expenditures for State purposes can not necessarily increase because of this expansion. To go further, I can state to you that during the past eighteen months I have been working on matters tending to verify the result that will be obtained by the adoption of this amendment, and I have obtained the gross receipts from operation for the year ending 1909 of nearly every public service corporation operating in the State of California, and which will be taxed under this amendment. The few corporations that failed to answer my request stated that they had not up to this time kept their books in such a way as would enable them to give me the returns from operation for that period, estimating their business then

returned would result in a tax not exceeding \$200,000, and the report from those that returned would give to the State in taxes a sum exceeding that required to be raised by the tax levy bill passed by this body for the year 1909, which was the largest sum required to be raised for twelve years past, and each year these taxes increased, as I can show you by the following figures.

Prior to 1906 the State Board of Equalization assessed railroad property on the basis of valuation per mile, and the tax commission recommended that as the Constitution did not provide any specified rule for valuation, that they should assess such railroads on a basis of valuation that would produce in taxes 4 per cent of their gross receipts. As a result, the assessment of the Southern Pacific Company, which was assessed in 1906 at \$38,761,847, was assessed in 1910 on precisely the same property at \$60,584,380. The Central Pacific Company, which was assessed in 1906 at \$15,000,000, was assessed in 1910 on the same mileage at \$21,970,749, an increase in this four years of these two railroads of \$28,593,282, being 50 per cent increase on the Southern Pacific and 46 per cent on the Central Pacific, and the total increase of taxes on these two companies, based on the tax rate of \$3.64 as levied in 1909, would provide an increase in taxes of \$1,046,074. The Santa Fe Company in 1906 was assessed at \$18,137,098, was assessed in 1910 at \$24,771,840, or an increase in assessment of 36 per cent. This increased assessment was solely the result of the operation of the method of taxation which gives to the State a benefit of the increased earnings of these roads, which the State on the old common basis would not get. That method does not now apply to street railroads, as they are not now under the jurisdiction of the State Board of Equalization, but by the adoption of amendment number one they will be, and, therefore, the corresponding increase in their business will greatly add to the State taxes, and as new lines of railroad, now in course of construction, as well as the great increase in carrying which the Western Pacific will bring a large amount more of revenue, therefore no one need fear that there ever will be levied in this State any additional ad valorem tax if Senate Constitutional Amendment No. 1 be adopted. With this information at my hand, and with a full appreciation that California will reap a great and estimable benefit from the holding of this exposition, I therefore, without any hesitancy, am willing on my part to submit this present amendment for the consideration of the voters, and I therefore shall record my vote in favor of it.

SAN FRANCISCO, September 7, 1910

HON. WARREN R. PORTER, *President Senate, Sacramento, Cal.*

Confirming report of the Secretary Democratic State Convention, the following resolution, introduced by Theodore A. Bell, was unanimously adopted:

We recommend that the Legislature take the necessary steps to submit to the qualified electors of California the question of providing a special tax to raise the sum of five million dollars to aid the proposed Panama-Pacific Exposition and permitting the city and county of San Francisco to issue bonds in the same amount for that purpose.

R. H. DEWITT,

Chairman Democratic State Committee.

Also:

WHEREAS, Governor Gillett has called an extra session of the State Legislature to make provisions for raising funds in aid of a World's Exposition to be held in San Francisco in 1915; therefore, be it

Resolved by the Methodist Episcopal Ministerial Association of Los Angeles. That we hold it to be of first importance that any legislation in aid of said exposition should make provision that its board of control should be chosen from men of high moral character who would give protection from the presence of gambling, dram selling, and other demoralizing influences on said exposition grounds.

That, recognizing the important contribution to the cause of good government by Governor Gillett in his forbidding of the Jeffries-Johnson prize fight in San Francisco, we the more confidently ask his aid in providing all needed protection for the exposition from demoralizing influences of whatever character.

That the Secretary be directed to send a copy of these proceedings to Governor Gillett, to the Lieutenant Governor, and to the Speaker of the Assembly.

CHAS. EDWARD LOCKE,
GEORGE A. ADAMS.

PETITION.

The following petition was presented by Senator Leavitt, and ordered printed in the Journal:

SACRAMENTO, CALIFORNIA, September 8, 1910.

Senators F. W. Leavitt, E. K. Strobbridge, and J. W. Stetson, Alameda County Representatives in Senate, Sacramento, Cal.

SIRS: The Committee on Progress and Prosperity of the Oakland Chamber of Commerce, in company with representatives of every commercial and industrial institution from Alameda County, have journeyed to Sacramento by special train that they may present to you, and through you to the legislative body of which you are our representatives, the indorsement of our members and the community from

which we come in connection with the Panama-Pacific Exposition, which it is proposed shall be held in San Francisco in 1915.

We of California are one people; in this State our interests are commingled; what advances one section benefits us all; we are broad enough and big enough to stand as a unit for the progress, the prosperity, and the benefit which must necessarily redound to the advantage of every citizen of the State.

We, therefore, ask that you fittingly place before the legislative body to which you have been elected, the fact that in the promotion of the Panama-Pacific Exposition, which it is proposed to hold in San Francisco in 1915, the people of the bay cities are as one man.

Not alone will one city or one town benefit thereby—the State will reap its reward through the enterprise, the pluck and bravery of the most indomitable city of the universe—San Francisco, and it is to this end that we ask you to support this great undertaking, knowing that the people of this magnificent State are with you heart and soul.

COMMITTEE ON PROGRESS AND PROSPERITY OAKLAND CHAMBER OF COMMERCE.

By C. F. GORMAN, Chairman.

And one hundred and twenty-five others.

WHEREAS, The Legislature of the State of California, at its regular session commencing on the 4th day of January, 1909, adopted a resolution proposing an amendment to the constitution of the State of California, known as Senate Constitutional Amendment No. 1, entitled "A resolution to propose to the people of the State of California an amendment to the constitution of the State of California providing for

The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-leasing and other car companies, operating upon the railroads in this state; all companies doing express business on any railroad, steamboat, vessel or stage line in this state; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the state a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this state, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this state. When such companies are operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and a proportion, based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this state.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-leasing and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property above

enumerated of such companies except as otherwise in this section provided; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by any of the municipal authorities of this state.

(b) Every insurance company or association doing business in this state shall annually pay to the state a tax of one and one-half per cent upon the amount of the gross premiums received upon its business done in this state, less return premiums and reinsurance in companies or associations authorized to do business in this state; *provided*, that there shall be deducted from said one and one-half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this state. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this state doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and recoupments of whatsoever kind may be imposed by the legislature upon insurance companies of such other state or country doing business in this state.

(c) The shares of capital stock of all banks organized under the laws of this state, or of the United States, or of any other state and located in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of six tenths of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interest therein, owned by such bank and taxed for county purposes. The banks shall be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or employed in this state by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business, together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this paragraph except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rates as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies, but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

(e) Out of the revenues from the taxes provided for in this section, together with all other state revenues, there shall be first set apart the moneys to be applied by the state to the support of the public school system and the state university. In the event

that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the state, including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law, a tax, for state purposes, on all the property in the state, including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in subdivisions *a*, *b*, and *d* of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district, before the adoption of this section. The taxes so paid for principal and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for state purposes.

(f) All the provisions of this section shall be self-executing, and the legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the state board of equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the legislature, three-fourths of all the members concurring in each of the two houses voting in favor thereof. The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes, and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section; and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the legislature. Until the year 1918 the state shall reimburse San Bernardino and Placer counties for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation. The legislature shall provide for reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for state purposes only.

(g) No injunction shall ever issue in any suit, action or proceeding in any court against this state or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section until such tax has been actually paid; but after such payment action may be maintained to recover any tax illegally collected in such manner, and at such time as may now or hereafter be provided by law.

Second. Section ten of article thirteen of said constitution is hereby amended to read as follows:

Section 10. All property, except as otherwise in this constitution provided, shall be assessed in the county, city, city and county, town or township, or district in which it is situated, in the manner prescribed by law.

Third. Section ten of article eleven of said constitution is hereby repealed.

Second. In the event that said resolution is adopted by the legislature, then, and in that event only, to rescind the action of the legislature in passing and adopting said Senate Constitutional Amendment No. 1 so adopted by the legislature at its regular session on the 19th day of March, 1909.

Third. To enact such legislation and appropriate such money as may be necessary for the purpose of submitting to the people of the State of California, the said proposed constitutional amendment, and such other constitutional amendments heretofore proposed by the legislature, as are to be voted upon at the general election in November, 1910.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed hereunto the great seal of the State of California at my office in the State Capitol, this 28th day of September, in the year of our Lord one thousand nine hundred and ten, and of the admission of the State of California the sixtieth.

SENATE CONSTITUTIONAL AMENDMENT NO. 1.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California providing for the separation of state and local taxation, providing for the taxation of public service and other corporations for the benefit of the state, and to that end adding to article thirteen a new section to be numbered section fourteen, amending section ten of article thirteen, and repealing section ten of article eleven thereof, all relating to revenue and taxation.

WHEREAS, It is deemed desirable to separate the sources of revenue for state purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its extraordinary session, commencing on the third day of October, nineteen hundred and ten, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the constitution of the State of California:

First. There is hereby added to article thirteen a new section to be numbered fourteen and to read as follows:

Section 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-leasing and other car companies operating upon railroads in this state; companies doing express business on any railroad, steamboat, vessel or stage

line in this state; telegraph companies; telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies; banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for state purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies; all refrigerator, oil, stock, fruit and other car loading and other car companies, operating upon the railroads in this state; all companies doing express business on any railroad, steamboat, vessel or stage line in this state; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity, shall annually pay to the state a tax upon their franchises, railways, roads, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this state, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this state. When such companies are operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and a proportion, based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this state.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-loading and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property above enumerated of such companies except as otherwise in this section provided; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by any of the municipal authorities of this state.

(b) Every insurance company or association doing business in this state shall annually pay to the state a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this state, less return premiums and reinsurance in companies or associations authorized to do business in this state; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this state. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this state, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the legislature upon insurance companies of such other state or country doing business in this state.

(c) The shares of capital stock of all banks, organized under the laws of this state, or of the United States, or of any other state and located in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of six tenths of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank.

This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or incorporated in this state by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed as such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property intended to such business, together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, such county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate, and earned as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies, but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

(e) Out of the revenues from the taxes provided for in this section, together with all other state revenues, there shall be first set apart the moneys to be applied by the state to the support of the public school system and the state university. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the state, including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law, a tax, for state purposes, on all the property in the state, including the classes of property enumerated in this section, sufficient to meet the deficiency. All property enumerated in subdivisions a, b, and d of this section shall be subject to taxation, in the manner provided by law, to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district, before the adoption of this section. The taxes so paid for principal and interest on such bonded indebtedness shall be deducted from the total amount paid in taxes for state purposes.

(f) All the provisions of this section shall be self-executing, and the Legislature shall pass all laws necessary to carry this section into effect, and shall provide for a valuation and assessment of the property enumerated in this section, and shall prescribe the duties of the state board of equalization and any other officers in connection with the administration thereof. The rates of taxation fixed in this section shall remain in force until changed by the Legislature, three fourths of all the members elected to each of the two houses voting in favor thereof. The taxes herein provided for shall become a lien on the first Monday in March of each year after the adoption of this section and shall become due and payable on the first Monday in July thereafter. The gross receipts and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the first Monday in March. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section; and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature. Until the year 1918 the state shall reimburse San Bernardino and Placer counties for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation. The Legislature shall provide for reimbursement from the general funds of any county to districts therein where loss is occasioned in such districts by the withdrawal from local taxation of property taxed for state purposes only.

(g) No injunction shall ever issue in any suit, action or proceeding in any court against this state or against any officer thereof to prevent or enjoin the collection of any tax levied under the provisions of this section until such tax has been actually paid; but after such payment action may be maintained to recover any tax illegally collected in such manner, and at such time as may now or hereafter be provided by law.

Second. Section ten of article thirteen of said constitution is hereby amended to read as follows:

Section 10. All property, except as otherwise in this constitution provided, shall be assessed in the county, city, city and county, town or township, or district in which it is situated, in the manner prescribed by law.

Third. Section ten of article eleven of said constitution is hereby repealed.

CONSIDERATION OF ASSEMBLY AMENDMENTS TO SENATE CONSTITUTIONAL AMENDMENT.

The question being, "Shall the Senate concur in the following Assembly amendments to Senate Constitutional Amendment No. 1?"

Amend by striking out of lines 208 and 209 of printed bill the words "until such tax has been actually paid."

Also:

By striking out of line 209 the word "such".

POINT OF ORDER.

Senator Willis made the following point of order, viz., that the amendment is not in accord with the provisions of the call of the Governor convening this extraordinary session.

The President pro tem. ruled upon the point of order as follows:

On yesterday, when Senate Constitutional Amendment No. 1 was before the Senate, Senator Caminetti offered an amendment to the measure under consideration.

Prior thereto a committee of seven Senators and seven Assemblymen had been appointed to consider whether or not, under the terms and limitations of the Governor's proclamation calling an extraordinary session of the Legislature, it was the privilege of either House to amend the constitutional amendment, as set forth in the Governor's proclamation, in any other way except what pertains to "uncertainty" mentioned in the Governor's call.

The Senate committee reported that it was the decision of the joint committee that the Legislature was confined to the "uncertainty" mentioned in the Governor's call, which report was adopted by the Senate by a vote of 27 ayes to 10 noes.

When Senator Caminetti offered his amendment, the President of the Senate ruled that it was out of order, on the ground that under the call of the Governor convening this extraordinary session, no amendment was in order, except what was specifically referred to in the call.

From this decision Senator Caminetti appealed. On a roll call, by a vote of 23 ayes to 11 noes, the decision of the President was affirmed.

To-day a motion passed the Senate unanimously that the Senate Judiciary Committee be requested to further investigate the subject and to report to the Senate their conclusions.

The Senate Judiciary Committee met and listened to an argument by the Attorney General of the State, and their attention was called, for the first time, to two decisions rendered in the State of Colorado by the Supreme Court of that state. The first being entitled *In re Governor's Proclamation*, reported in 35 Pacific Reporter, page 530, and the second being entitled *People ex rel. McGaffney vs. District Court of Arapahoe County et al.*, reported in 46 Pacific Reporter, page 681.

The Attorney General of the State gave as his opinion that these decisions were applicable to the situation now confronting the Legislature of the State of California convened under extraordinary session, and upon being put to a vote of 11 to 1, the Judiciary Committee decided that in their opinion "the Legislature can, under the law, amend in any respect within the subject therein embraced, Senate Constitutional Amendment No. 1, as set forth in words and figures in the proclamation of the Governor convening this extraordinary session."

In view of this report, and in view of the fact that, at the time the President of the Senate made his ruling on the point of order raised against the amendment introduced by Senator Caminetti, that the Senate had not the benefit of the California decisions referred to, before them, and in view of said decisions and the opinion of the Attorney General, the President now rules that the point of order raised by Senator Willis is not well taken.

The President believes that it is only fair to state to the Senate that the Judiciary Committee was not unanimous in its opinion, the chairman thereof, Senator Willis, having filed an opinion dissenting from that of the majority of the committee.

APPEAL FROM THE DECISION OF THE CHAIR.

Senator Willis appealed from the decision of the chair.

The President pro tem. put the question, "Shall the decision of the President pro tem. stand as the decision of the Senate?"

The roll was called, and the decision of the President pro tem. sustained by the following vote:

AYES—Senators Anthony, Bell, Bills, Birdsall, Black, Boynton, Burnett, Caminetti, Campbell, Cartwright, Curtin, Cutton, Estudillo, Finn, Hare, Hartman, Holohan, Hurd, Kennedy, Leavitt, Martinelli, McCartney, Price, Reily, Rush, Strobbridge, Thompson, Walker, Weed, Welch, and Wright—31.

NOES—Senator Willis—1.

The question being, "Shall the Senate concur in the following Assembly amendment to Senate Constitutional Amendment No. 1?"

Amend by striking out of line 198 of the printed bill the words "San Bernardino and Placer counties" and inserting in lieu thereof the following: "any and all counties which sustain loss of revenue by the withdrawal of railroad property from county taxation."

The roll was called, and the Senate concurred in the above Assembly amendment to Senate Constitutional Amendment No. 1 by the following vote:

AYES—Senators Bell, Bills, Birdsall, Black, Boynton, Burnett, Caminetti, Campbell, Cartwright, Curtin, Cutton, Estudillo, Finn, Hare, Hartman, Holohan, Hurd, Kennedy, Leavitt, Martinelli, McCartney, Price, Reily, Rush, Strobbridge, Thompson, Walker, Weed, Welch, Wolfe, and Wright—31.

NOES—Senators Anthony and Willis—2.

The question being, "Shall the Senate concur in the following Assembly amendment to Senate Constitutional Amendment No. 1?"

On page 6, subdivision *f*, line 184, strike out the words "three fourths" and insert in lieu thereof the following: "two thirds".

The roll was called, and the above Assembly amendment to Senate Constitutional Amendment No. 1 adopted by the following vote:

AYES—Senators Anthony, Bell, Bills, Birdsall, Black, Boynton, Burnett, Caminetti, Campbell, Cartwright, Curtin, Cutton, Estudillo, Finn, Hare, Hartman, Holohan,

The roll was called.

CALL OF THE SENATE.

Pending the announcement of the vote, Senator Curtin moved a call of the Senate.

Motion carried.

Time, ten o'clock and twenty-five minutes P. M.

The President directed the Sergeant-at-Arms to close the doors.

The doors were closed, and the Secretary was directed to call the roll.

The roll was called, and the following answered to their names:

Senators Anthony, Bell, Bills, Birdsell, Black, Boynton, Burnett, Caminetti, Campbell, Cartwright, Curtin, Cutton, Estudillo, Finn, Hare, Hartman, Holahan, Hurd, Kennedy, Leavitt, Martinelli, McCartney, Price, Reily, Rush, Strobridge, Thompson, Walker, Weed, Welch, Willis, Wolfe, and Wright.

The Secretary announced the absentees.

The Sergeant-at-Arms, having been furnished with the names of the absentees, was directed to bring them to the bar of the Senate.

FURTHER PROCEEDINGS UNDER CALL OF THE SENATE DISPENSED WITH.

At ten o'clock and thirty-five minutes P. M., further proceedings under the call of the Senate were dispensed with, on motion of Senator Curtin.

The roll of absentees was called.

Whereupon the Acting President announced that the Senate concurred in the above Assembly amendment to Senate Constitutional Amendment No. 1, by the following vote:

AYES—Senators Anthony, Bills, Birdsell, Black, Boynton, Burnett, Caminetti, Campbell, Cartwright, Curtin, Cutton, Estudillo, Finn, Hare, Hartman, Holahan, Hurd, Kennedy, Leavitt, McCartney, Price, Reily, Rush, Strobridge, Thompson, Walker, Weed, and Welch—28.

NOES—Senators Bell, Martinelli, Willis, Wolfe, and Wright—5.

Senate Constitutional Amendment No. 1 ordered to enrollment.

EXPLANATIONS OF VOTES.

Senator Hartman asked for, and was granted, permission to have the following explanation of his vote printed in the Journal:

I came to Sacramento with the understanding that all we were to consider was the amendment set forth in the Governor's proclamation. I am opposed to the consideration now of the amendment increasing the tax rate to be charged against the banks for the reason that no notice was given to the banking interests of the State, and they have had no opportunity of being heard. However, rather than have the whole Senate Constitutional Amendment No. 1 defeated by my vote, I change my vote from no to aye.

GUS HARTMAN.

Also:

Senators Boynton, Thompson, Price, Bills, Cartwright, and Strobridge asked for, and were granted, permission to have the following explanation of their votes printed in the Journal:

We voted to concur in the last amendment because we fully realized that the refusal by the Senate to concur with the Assembly in that amendment meant the absolute defeat of the entire constitutional amendment, which amendment, as amended at this extraordinary session, we believe, is the most acceptable that can be secured, and that the same as thus amended should be submitted to the electors of the State for their approval or disapproval.

GEO. W. CARTWRIGHT,
A. E. BOYNTON,
N. W. THOMPSON,
W. F. PRICE,
C. B. BILLS,
E. K. STROBRIDGE.

Also:

Senator Wolfe asked for, and was granted, permission to have the following explanation of his vote printed in the Journal:

I voted against concurring in this Assembly amendment to Senate Constitutional Amendment No. 1 because the whole subject-matter was fully considered at the regular session of the Legislature in 1909, at which time the bankers of the State were given a hearing before the Senate committee, after which both houses of the Legislature adopted Senate Constitutional Amendment No. 1, with the rate fixed at six tenths of one per cent, which it is now, without notice to the people of the State, including those interested in banking, proposed to increase. I believe that if it had been announced in the press that it was proposed to consider this increase in taxation, the only increase that has been proposed at this session, we would have heard a full discussion in committee from the parties affected, as well as from the advocates of the increase, from which I could properly determine whether this increase was just or whether the burden of the increase would not have to be borne by the depositors in banks and by those who are compelled to use the money of the banks in their business and in the development of the industries and resources of our State. In the absence of that information I am compelled to vote against the amendment. I have, however, voted to concur in all the other Assembly amendments to Senate Constitutional Amendment No. 1.

E. I. WOLFE.

Also:

Senator Willis asked for and was granted permission to have the following explanation of his vote printed in the Journal:

In explanation of my negative votes upon each Assembly amendment to Senate Constitutional Amendment No. 1, I desire it to be known that I approve the substance of some of such amendments, but oppose their adoption on the ground that under the proclamation of the Governor convening this extraordinary session of the Legislature, we have no legal authority to amend such proposed amendment in any respect other than as to the "uncertainty" therein, mentioned in the Governor's proclamation.

Also:

HENRY M. WILLIS.

Senator Caminetti asked for, and was granted, permission to have the following explanation of his vote printed in the Journal:

I voted aye on this and the other Assembly amendments on the merits of the respective amendments only. I am against Senate Constitutional Amendment No. 1, as a whole.

A. CAMINETTI.

BIENNIAL MESSAGE FROM THE GOVERNOR.

On motion of Senator Wolfe, the following biennial message from the Governor was read, and ordered printed in the Journal:

SECOND BIENNIAL MESSAGE OF GOVERNOR JAMES N. GILLETT.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, January 2, 1911.

To the Senate and Assembly:

Under the provisions of Section 10 of Article V of the Constitution of this State, it becomes my official duty to communicate by message to you the condition of the State, and recommend such matters as are deemed expedient.

We must all necessarily look to the incoming Governor for the policy of the next four years, and predicting for him that course which in his judgment will be for the best interest of our State, it is not my wish or intention to hamper my successor by recommendations as to new legislation. I will attempt, therefore, to confine whatever recommendations I make herein to aid in carrying out to a successful conclusion those matters already provided for by law which I deem highly important at this time. I desire also to make certain suggestions which past experience has indicated may help to make the term of my successor more certain of success and redound to the general welfare of the State, and to set forth such recommendations as have been brought directly to my attention by the several officers, departments, and commissions which go to make up our state government, through their annual and biennial reports made to me since the meeting of the last Legislature.

It is with pardonable pride, I hope, that I may now, at the end of my administration, allude briefly to the more important acts which have become laws during my term of office. Since my inauguration there have been enacted a number of very important laws, among which I may mention the "State Highway Act," which, as a far-reaching measure for the State's future general welfare and prosperity, has never been excelled by any law heretofore passed; a modern and comprehensive "Banking Law," which is second to none, in my opinion, to that of any of our sister states; a "Pure Food Law," under which our State Board of Health has done much to protect the health of our people, and prevent frauds in our foodstuffs; a "Railroad Rate Law," a "Reciprocal Demurrage Law," an "Employers' Liability Act," an "Anti-Trust Law," an "Anti-Racetrack Gambling Law," an "Act creating the Department of Engineering," and a "Direct Primary Election Law."

Much has also been accomplished during the last two years by our state government looking to the ultimate making of the Sacramento and San Joaquin rivers great highways of trade and commerce, and the reclamation of thousands of acres of most fertile lands lying within their valleys. Steps also have been taken which are certain to make San Francisco's harbor one of the very best and cheapest in the entire world, and to insure for all time its ability to take care of the great commerce which will inevitably come to it. And, with the improvements that are contemplated for the beautiful harbor of San Diego, which have been made possible by a bond proposition submitted by the thirty-eighth session of the Legislature and adopted at the last general state election, California will, with the improved San Pedro and other harbors, be well able to take care of the fleets of the world long before the time for holding the Panama-Pacific Exposition in 1915 at San Francisco.

FINANCIAL AFFAIRS.

The State is in a splendid financial condition. At the end of the last fiscal year there remained in the treasury a balance of \$7,201,219.82. The balance over all obligations incurred or to accrue is in excess of \$2,000,000.00, the largest balance by more than \$1,000,000.00 ever left in the treasury at the end of any previous administration. This condition of most satisfactory solvency is especially pleasing when the tax rates of this administration are compared with previous years.

The tax rates under the administration of Governor Gage were as follows:

1899	601
1900	498
1901	48
1902	382

Under the administration of Governor Pardee the rates were as follows:

1903	561
1904	535
1905	49
1906	476

During the past four years the rates were:

1907	445
1908	40
1909	64
1910	353

A more ready comparison can be made by an inspection of the average rates on each \$100.00 of assessed valuation of the last five administrations:

Markham's administration	48.7 cents
Budd's administration	52.8 cents
Gage's administration	49.0 cents
Pardee's administration	51.5 cents
Gillett's administration	39.0 cents

STATE HIGHWAY ACT.

At the last session of the Legislature I prepared and submitted to that body a measure providing for the issuance of \$18,000,000.00 of bonds, for the acquisition, construction, and maintenance of a system of state highways. This bill was prepared with great care, and was drafted with an idea that it should serve as a model for future bond issues in this State.

I am greatly indebted to the Attorney General of this State for his services in putting this bill in proper legal form, and also to the State Treasurer for his most excellent advice and suggestions relating to the method for the issuance and sale of the bonds provided for in the Act.

As originally introduced, the bill provided that all public highways lying within the right of way of such state highway should become a part thereof without compensation being made therefor.

Objection to this broad provision was made by the representatives of certain counties where highways had been constructed under bond issues, and the argument was advanced that these highways recently constructed were of the same class and character of the proposed state highway; and that the counties had become indebted for the same, and that it would be unfair to compel them to transfer such highways to the State free of cost, and they should, therefore, receive some compensation therefor.

I concurred in this view, and the original bill was amended in such a manner as to permit the State of California to compensate the counties for all highways permanently improved and constructed under bond issues within three years prior to the adoption of this Act, and which came up to the standard required of a state highway.

I wish to call particular attention to this matter, as it has repeatedly been claimed that there was no provision in this Act providing for compensating counties which had permanently improved highways lying within the right of way of the state highway. There is more or less excuse for this error because of a peculiar mistake made in punctuation in the printing of the statutes.

As originally passed by the Legislature and approved by me, the bill provided that the only highways which would be taken without compensation were those not permanently improved under county or road district bond issues. Under the erroneous punctuation in the printed statutes this provision does not appear. I call attention to this matter so that those interpreting this law may not be misled, but will refer to the original statute as passed and approved by me and now in the office of the Secretary of State.

Before leaving this subject I wish to add that the bond issue as submitted to the people was correctly published, and conforms entirely with the statute as passed by the Legislature and approved by the Governor.

An additional objection made to this bill is that there is no provision made therein for the maintenance of the highways after construction. The Act does provide specifically, in the last sentence of Section 8 thereof, "that all highways constructed or acquired under the provisions of this Act shall be permanently maintained and controlled by the State of California."

As I was largely instrumental in the submission of this Act to the people, I certainly take the deepest interest in the proper construction of these highways and their maintenance thereafter by the State. Inasmuch as there must be additional legislation to provide a working system under which these roads may be constructed and maintained, I feel that it will not be deemed amiss for me to make some suggestions relative thereto.

I have fully realized during my official term that the Governor is held responsible for the successful performance of all public affairs, even though the execution of such affairs may be in the hands of a commission. Often his only connection therewith relates back to the appointment of such commission. In many instances the Governor loses control over such commission after its appointment. He may give his advice, but the advice is not necessarily followed. In many instances the advice is neither sought nor desired. At times the work of the commission may be in direct conflict with the wishes of the Governor, and yet because of his connection with the commission through his power of appointment he is held responsible for their every act.

In the preparation of this bill I sought to place the responsibility of carrying out its provisions directly upon the Governor, by placing the work under the control of the Department of Engineering, of which the Governor is the head, and all the members of which receive appointments directly from him. If the work is not done in accord with his wishes he can correct it. He is the one responsible party for the performance of this work, and is given supreme power to see that it is properly and faithfully performed.

In an undertaking of this magnitude I was opposed to having it referred to a commission which might be out of harmony with the Governor, and which could do the work without consultation with him or perhaps in defiance of his wishes.

The successful performance of this great project is, therefore, entirely in the hands of the Governor, and he is the one primarily responsible for its successful completion, and I believe that this thought should be kept in mind in framing all future legislation affecting the construction of said highways.

A great mistake can be made in placing this work in the hands of incompetent and unskilled men. To secure good results the most competent men to be found, with large experience and superior past record, should be secured, and the salaries paid should be sufficient to attract such men. Therefore, the Department of Engineering should be granted the power and authority to reach out to any portion of the United States or Europe to find the men best qualified, from technical knowledge and experience, to carry on the practical work. The work of building this state highway should be most carefully planned and considered, so that when completed it will compare favorably with the best roads of Europe or of this country.

The employees of this department should not be appointed for a definite fixed term, but should receive their appointment directly from the Governor, holding office at his pleasure, removable at his will, and subject at all times to his orders. So long as he remains the party responsible for the successful construction of these roads, he should be given the fullest power to control the work. He should be given absolute power of removal, and should not hesitate to use such power upon the slightest appearance of neglect, incompetency, or wrongdoing.

When vested with these powers, the people can truthfully and with propriety hold him responsible for its success. Anything short of this full and ample authority would be to the detriment of the work and should relieve him from this responsibility. I would therefore suggest that you be liberal in your laws, investing the Governor with most ample powers, and giving to him the absolute discretion in the appointment of subordinates and control over their actions.

Every contract let should receive the approval of the Department of Engineering. These contracts should be submitted to the Governor and should be under his personal supervision and control, acting through this department.

On account of the diversity of soil and the differing conditions throughout the State it is impossible to prescribe any one kind of road to be constructed, and the roads should be built in the manner most suitable to the conditions surrounding them. What would be suitable for one portion of the State might not be sufficient or might be more than would be necessary for another portion of the State. These

things can only be determined by actual experience and knowledge surrounding road work and road construction.

The highways to be selected and improved should be chosen with great care, and by those who have no direct interest in such choice other than securing the best route. And when so chosen the route should be proscribed in the Act, and should be so laid out and constructed or acquired as to constitute a continuous and connected state highway system running north and south through the State, traversing the Sacramento and San Joaquin valleys and along the Pacific coast by the most direct and practical routes, connecting the county seats of the several counties through which it passes and joining the centers of population, together with such branch roads as may be necessary to connect therewith the several county seats lying east and west of such state highway.

The people of the State of California, by their votes and confidence in the success of this project, are entitled to receive the very best service and results for their expenditure. This work can not be left to take care of itself, but must be watched with the utmost diligence in order to secure the best results. If the expenditure of this money is not wisely made and the best results obtained, the good roads movement in California will suffer a severe setback. Failure can only come from incompetency and inattention on the part of those in charge. It would be a misfortune for this vast sum of money, or any part of it, to be wasted. The fund should be used to the very best advantage in order to carry on this work to a conclusion, giving to the most remote county seats the benefit of this highway, connecting them with the centers of trade and markets for their products.

The people's confidence must not be abused, and it is due to them that the members of the Legislature should vest in the Governor the most ample and complete authority to carry on this work to a successful termination, enabling him to prevent neglect, incompetence, graft, or official corruption.

Before concluding this subject I desire to call your attention to the matter of constructing a road from Jackson, the county seat of Amador County, to Bridgeport, the county seat of Mono County, and the improvement and reconstruction where necessary of the road from Bridgeport southward through Mono County, connecting with the eastern terminus of the Tioga Pass road, recently constructed by the State, thence into Inyo County through Bishop, Big Pine, Independence, the county seat, and Lone Pine to Mojave, there to connect with the road to Bakersfield, the county seat of Kern County, such road to be made in accordance with the most approved principles of scientific highway construction adapted to all classes of traffic and particularly to that of tourists with motor cars.

This road is not specifically provided for under the provisions of the Highway Act, except so far as the same is included under the general provision of connecting outlying county seats with the main state highway. The importance of this road can not be overestimated, as it will open up one of the most fertile portions of this great State, with abundant promise of immense development.

A model highway along the route suggested would quickly acquire an international fame and form a scenic thoroughfare unsurpassed, if not unequalled, by any other in the world, and it would skirt for many miles the beautiful Sierras, and would penetrate into the very heart of this magnificent range of mountains. Such a highway would annually attract to this State thousands of tourists.

STATE HOSPITALS FOR THE INSANE.

The population of our state hospitals for the insane is steadily increasing. During the last biennial period ending June 30, 1910, there were received into our state hospitals 3,531 patients, as compared with 3,018 during the previous two years, and the total population of the hospitals at the end of the last fiscal year was 7,136. But, while it is true that the number of insane in our state hospitals has been increasing quite rapidly for years past, yet we are fortunate in the fact that the increase has not kept pace with the increase in our state population.

The Government census of 1900 shows that California had a population that year of 1,485,053. The insane in our hospitals at that time was 5,276, or one insane person to every 281 of the general population. The census of 1910 gives us a total population of 2,377,549, and our hospital population being 7,136, we thus have one insane person to every 333 of the State's population. With an increase of 60 per cent in population for the past ten years, there has been an increase during the same period of but 35 per cent in the insane under state care.

TREATMENT OF PATIENTS.

During the past two years considerable advance has been made in our state hospitals for the better care and curative treatment of the patients. Four of our hospitals have opened receiving and treatment buildings fully equipped with apparatus for hydrotherapeutic treatment, and having skilled nurses in attendance. The reports of the several medical superintendents show that markedly successful results have been obtained from the adoption of these modern methods for the treatment of the insane.

The percentage of complete recoveries for the biennial period, taking the entire hospital system of our State, has reached 35 per cent.

PERMANENT IMPROVEMENTS AND BUILDINGS.

Much building work and permanent improvements of a general nature have been completed in the last two years. Among the improvements completed or practically so, and including ten buildings at Agnews, are twenty-one buildings for patients' use. While the expenditure has been large it has been necessary, and the result has been increased comfort for patients, increased capacity, and an enlargement and betterment of the facilities for their successful treatment.

APPROPRIATIONS.

While the State by liberal appropriations in the past two years has largely increased the capacity of our hospitals, the work of enlargement must still continue, for we have to make provision to take care of a yearly increase of 200 or more patients.

COLLECTION OF HOSPITAL ACCOUNTS.

Somewhat over three years ago the State Lunacy Commission adopted a system for the collection of money due the several state hospitals by reason of monthly board accounts of pay patients. It is gratifying to note that under the supervision of the secretary of the Commission, who is virtually the author of the system, the State has received thereby on an average of over \$3,000 a month more money than ever before in its history. Hospital collections for the last fiscal year reached the sum of \$158,346.03. Before the adoption of the present system the highest annual collection was \$106,541.98.

DEPORTATION OF ALIENS.

During the past fifteen months, since this work has been assumed by it, the State Lunacy Commission has actively and successfully carried forward a plan for the general deportation of aliens who have been committed to our asylums. The commission has induced the United States Government to deport sixty-four patients, while friends and relatives have sent home twenty-six more. This without any cost to the State. And, through the assistance of the Japanese Consul at San Francisco, there have been returned to Japan thirty-one Japanese patients.

VOLUNTARY COMMITMENTS AND CARE OF INEBRIATES.

I believe that some method looking to the more prompt treatment of mental cases in the early stages should be adopted, and with this in view I recommend that the lunacy law be amended so as to permit of voluntary admissions to state hospitals upon personal applications, in addition of course to our present method by commitment after a judicial investigation in open court. The commitment of mental cases to state hospitals is unavoidably delayed by the legal proceedings necessary to bring about the lawful entrance into a state hospital. This objection can be overcome when desirable by voluntary admissions. Also, with voluntary admissions on direct written application from the patient, the stigma of being legally pronounced insane will be avoided, while the danger of illegal detention can be obviated by providing that a voluntary patient must be discharged upon his written demand. It is not believed that more than a small percentage of admissions will be voluntary, but it affords a way of providing for the advantages of an early treatment in certain classes of cases. Many of the Eastern States have a similar plan, and I believe our State could adopt it with good results.

I believe it would also be well to amend the lunacy law to permit the commitment of inebriates and drug habitues for such definite periods of time as will permit of the necessary treatment. Under the law as it now exists we can not hold these cases of temporary insane long enough to obtain radical benefit. The result is that a great majority of this class are discharged only to be recommitted in a comparatively short space of time, and some of them are committed even the third and fourth time.

GENERAL SUPERINTENDENT OF STATE HOSPITALS.

Finally, I wish to say, before concluding the subject of the care of our state insane, that in my opinion California is very fortunate in having at the head of its hospitals, Mr. F. W. Hatch. For over thirteen years Dr. Hatch, as the General Superintendent of State Hospitals, has been in practical charge of our state hospital system, and I believe that no state officer has worked more conscientiously and efficiently than he, and to him more than to any other person can we credit the high standard to which our state hospitals for the insane have been brought.

STATE BOARD OF HARBOR COMMISSIONERS.

It is especially pleasing to me to again direct your attention to the splendid work done by the present State Board of Harbor Commissioners in improving the water front of San Francisco.

In my campaign for Governor I felt and stated that the State was entitled to receive the services of the best men obtainable for appointment as members of this board. I was careful to select men of large administrative experience and fully

capable of carrying on the work necessary to be done with ability and to complete success. Under their splendid administration thousands of feet of new seawall and bulkhead wharves have been constructed; the trackage of the belt railroad increased more than 10,000 feet, seawall lots having a value of over \$1,000,000 created; and large additions made to the street area. These seawall lots have been leased as fast as acquired at a good rate of interest upon their respective valuations, and a contract has been entered into which will when completed add three more seawall lots with a valuation of about \$700,000. The total property thus acquired will yield an income almost equal to the interest rate of the bond issue under which such work was done.

The income from the docks when completed under such bond issue, will repay the principal long before its maturity. The docks constructed are of the best and most durable and convenient type. The pier and bulkhead wharves offer about five miles of berth space at the present time. The complete development of the water front from Taylor street to the San Mateo line would give a berth space of about forty miles, exclusive of space in Channel street, in Central or India Basin and Islais Creek. The state properties along the water front of San Francisco are wholly self-supporting, the expenses being borne by those who use the wharves, seawall lots, and other state property. The addition of seawall lots as the seawall is increased, and the construction of piers of a similar and durable character to those now being built, will ultimately permit the abolishment of dockage and tall charges; and when this is accomplished San Francisco will have the cheapest and best harbor in the world. The prospective rentals alone will be more than sufficient to pay all the expenses of administration, maintenance, and ordinary repairs. This is the goal for which we have been striving, and I urgently recommend a continuance of the policies of the present board to secure such results.

PRISONS AND REFORMATORIES.

During the past four years our prison conditions have continually improved. By the erection of new buildings now under way and practically completed the congestion existing will disappear. Order and discipline prevail in both prisons, and they are being most economically and carefully managed. The completion of the new buildings will allow a better separation of the prisoners, and will permit to a certain extent a classification and segregation of them.

The new cell building in San Quentin will give accommodation for about 800 prisoners, and will be one of the most modern buildings of this class.

The work at Folsom is going ahead rapidly, and ample and complete accommodations for all of the prisoners will soon be available for use.

PAROLE SYSTEM.

The parole system of this State is meeting with great success. It holds out a constant incentive to the prisoner to conform to the prison rules and regulations, in the hope of receiving his liberty and ultimate pardon.

In 1893 the Legislature of this State enacted a parole law empowering the Board of Prison Directors to grant paroles to prisoners who by their conduct had shown that they were worthy of being released on probation prior to the expiration of their terms.

Very little use was made of this law until 1907. Realizing at that time that it was impossible for the Governor of this State to give to pardons the attention they deserved without neglecting other matters demanding his attention, I suggested to the State Board of Prison Directors that they make a more liberal application of the parole law to worthy and deserving prisoners. As an additional incentive to the prisoner to make good, and to conduct himself as a worthy and upright man outside of the prison, I have granted pardons to those prisoners who had faithfully obeyed the parole laws and regulations for a period of time sufficient to satisfy me of their intention to become honorable and law-abiding citizens, the purpose being to enable every prisoner to earn his liberty by good conduct.

This plan of granting pardons to paroled prisoners has been remarkably successful, and I believe it would be a step backward to change it. I am informed that the prison records of this State show that during the existence of the parole law there is only one case recorded of the subsequent conviction of a man pardoned after parole. This rule results in more frequent pardons being granted by the Executive; but as the prisoner is already at liberty, and has acquired a standing among his fellow men, his transition from a convict to a free man involves no serious change in social conditions, and can only result in good.

During the past two years there have been on parole at times 627 prisoners. Paroled men according to our state records have earned during their time on parole \$642,822.34, and their savings have aggregated over \$150,000. When we realize also how few of the men on parole have violated the confidence reposed in them, and when we further consider that it costs our State about \$180 a year to confine and care for a prisoner, I think it must impress even the most skeptical with the virtues of our parole system. I may further add, that it has been estimated that had all of our paroled men been forced to live out their prison sentences the additional cost to the taxpayers of the State would have exceeded \$500,000.

This policy ought to be continued in fairness to those on parole who are now earnestly striving to become worthy men, so that the hope of ultimate reward may continue before them. An abandonment of the policy would be most discouraging, and would have a serious effect on prison discipline.

REFORM SCHOOLS.

Our reform schools are being very ably managed and are doing good in directing the minds of those confined therein away from crime and criminal conditions. These schools ought to be encouraged, and sufficient appropriations should be made for the purpose of giving ample accommodations and supplying those confined therein with the means of learning useful trades and acquiring an education. There should not be confined in these institutions, where there are so many young boys, boys of strong criminal tendencies. Some other provision should be made for them. I believe that it is also a mistake to have both girls and boys committed to the same reform school.

SCHOOL OF MANUAL ARTS.

The last legislature made an appropriation of \$10,000 for the establishment of a State Normal School of Manual Arts and Home Economics. This school has been located in Santa Barbara, and the entrance requirements are graduation from a normal school, two years' college work, or teaching experience. Twenty-four graduated last June, and all are now successfully holding positions. An ideal site has been found, as provided in the bill passed by the legislature, and I understand an appropriation of \$200,000 will be asked for buildings, equipment, and support. It seems to me that this appropriation is none too large, and that the greatest encouragement should be given to an institution of this kind. This is the first school of this class in the United States to provide a professional training in all branches of manual training for men and women.

The value of manual training in our schools can not be overestimated, and it follows that a school of this character, educating men and women to enable them to teach manual training in our public schools, is of the utmost importance to the welfare of this State.

It is the purpose of this institution to present many branches, such as domestic science, food, chemistry, domestic art, dressmaking, millinery, textiles, applied design, wood carving, pottery, metal work, tool leather, bench work, pattern making, turning, forging, plumbing, electric wiring, carpentering, printing, drafting, etc.

With the school open all the year, with a wise administration knowing the needs of the State and prepared by training and travel to meet them, this school will fulfill the hopes of those who believe that all education should be practical, and that the academic work of normal and university should be supplemented with the learning to meet real conditions.

UNIVERSITY OF CALIFORNIA.

The adoption of Senate Constitutional Amendment No. 1 has worked a change in the source of revenue for our State University. On account of increasing attendance and other demands the Legislature of 1909 increased the ad valorem tax to three cents, to be used for the support, maintenance, and permanent improvements of the University.

It was specifically provided that not less than 25 per cent of the amount thus raised should for a period of ten years be used to construct and equip permanent buildings. Under the authorization of this statute the Regents very properly adopted plans for such work, and are now proceeding to make the improvements contemplated.

The amount which would be raised each year by the three-cent tax levy would be about \$700,000, of which about \$175,000 could be used for permanent improvements. This money is now lost to the University, and it must depend upon direct appropriations for its support and for improvements. It is plainly the duty of the Legislature to provide for the maintenance of the present high standard of this institution, and for carrying out the plans of the Regents for its improvement. We must not take a step backward with our educational institutions, least of all with our University. Its magnificent progress, its splendid achievements along educational lines, its rapid increase in attendance, make imperative the demand that this magnificent institution shall be fostered and encouraged by wise legislation and upbuilt and enlarged by liberal appropriations.

ORPHANS, HALF ORPHANS, AND ABANDONED CHILDREN.

The care and training of the State's dependents has become, and is becoming, one of the expensive responsibilities of the people of the State. California, like New York, is more burdened with this class than are the other states, because of their relation to the nation as gateways for the admission of all classes of immigrants, and California in particular is much burdened on account of its original native population and its climatic prominence as a statewide health resort. Families come to this State to benefit their health, exhaust their means of support in an effort to regain their health, and leave their children for the State to care for. Lax divorce laws and insufficient parental responsibility is another cause of dependency. The juvenile court laws are doing much to correct this, however.

The result is, nevertheless, that California has now over 6,500 children drawing state aid in the forty-six exceptionally well conducted orphan asylums and through county boards of supervisors, which aid continues up to the age of fourteen years. Then comes a greater responsibility of the State—the training for the trials of life of all such children as may be left as public charges. At the most critical time of life for either boy or girl, those who have not been fortunate enough to find homes with desirable families through the agencies of the numerous admirable societies organized for that purpose in this State are left without training for life's battles.

The last Legislature, feeling its responsibility in this direction, very wisely appropriated money and established the California State Trades and Training School for this character of children, realizing that it is far better to save as good citizens the unfortunate children than it would be to reform them after they have become wayward or criminal.

This school will be devoted to the training of its inmates in the different pursuits of life as may seem best. Its principal aim will be largely along the lines of agriculture and kindred branches, making the school practically self supporting in so far as it is possible by the cultivation of the soil. Its industrial branches will also be devoted to the training of the young minds and hands in those branches that will produce the best results.

The commission appointed under the law to select a site for the school have done so, conditionally upon the title being approved by the Attorney General.

The site consists of about 3,500 acres, in Knight's Valley, Sonoma County, and the surroundings are considered the most beautiful and picturesque in northern California. A pure mountain stream of water pours from the side of Mount St. Helena capable of furnishing ample power for factory purposes, lighting power, domestic uses, and for irrigation of the fertile valley lands of the tract. Ample standing timber, stone quarries, and grazing lands make the site ideal for the purpose. In this pure air and perfect climate, California, with proper instructions, can save her dependent children, and produce men and women grown under proper environment that will add materially to her rapidly increasing wealth in good citizenship.

There are now in the institutions in the State about 700 children who will be fourteen years old, eligible to admission to this school during the next year—about 275 girls and 425 boys; some may find homes, but the greater portion must be provided with education and training by the State.

There will be some future need in the way of further appropriations to equip the training school for efficient service, and I recommend a liberal appropriation therefor.

FISH HATCHERIES

It is very important that there should be an abundance of fish in the streams of this State to furnish a cheap food supply for the people. Salmon and striped bass are our two best food fishes and there is no reason why the waters of this State should not be abundantly stocked with them. This can only be done by protecting their spawning grounds and by erecting fish hatcheries.

The fish hatchery at Sisson has been an unqualified success, and similar hatcheries should be erected at various points in this State for the purpose of furnishing this food supply.

One of the most important natural spawning grounds for striped bass is Cache Slough and its tributaries, which empties into the Sacramento River near Rio Vista. Bass going up these streams in large numbers are followed by the fishermen and are caught before they can spawn.

By an adequate and proper protection of this spawning ground, San Francisco Bay and the streams flowing into it will in a few years be thoroughly stocked with this splendid fish, reducing the price to the consumer much below that which now prevails. In addition to the protection of this slough as a natural spawning ground there should be established at some point thereon one of the largest hatcheries in this country, for the purpose of propagating salmon and striped bass. Thousands of small fish hatched at the head waters of our streams never reach tide water, but if hatched in a stream near the ocean they could gain it in safety.

A law should be passed making it unlawful to cast or set a seine or net in this slough or any of its tributaries. If this is done most excellent results will follow, our fish supply will be vastly increased, and its price to the consumer will be greatly reduced.

DEPARTMENT OF ENGINEERING.

Owing to the very severe illness of the State Engineer, the report of the Department of Engineering is not available, and perhaps may be delayed for some further time. An immense amount of work has been done under its supervision and control. With the commencement of the state highway system this department must assume greater burdens and responsibilities. The Act creating this department, with the amendments for 1909, should, and I believe does, contain adequate provisions for the assumption of this most important work without material amendment. All contracts must be approved by the board, of which the Governor is the presiding officer, and he is in close touch with its work. It may be advisable at times for the department

to establish certain rules for its guidance, but practically all the necessary basic principles can be found within the Act itself to permit this department to work for the best interest of the State.

STATE FARM.

Under provisions and appropriations of the legislatures of 1905 and 1907 a farm of nearly 800 acres was purchased, and a start was made towards its equipment as an agricultural college farm. Buildings were erected and equipped; lighting, sewer, and water systems were installed; live stock was purchased and crops planted; in short, all necessary preparations were made for the beginning of instruction as provided in the legislative act.

The first instruction given on the farm was a series of short courses in the fall of 1908. Regular courses from one to eight weeks in length were organized in all branches of agriculture practiced in this State, with an attendance of more than 100 students.

In January, 1909, elective courses were first offered to students of the college of agriculture. Five students attended during the spring of 1909, in 1910 there were nine, and during the coming term nearly thirty are expected.

The (University Farm School) was also opened in January, 1909. During the first term of its existence twenty-three students were in attendance; the next year there were forty-three, and during the first term of the present year there was a registration of seventy-seven.

Generous provision was made by the Legislature of 1909 for increase of equipment, and for maintenance of instruction on the farm. The increase in the number of students, however, has outrun all provision which has been made. In order to carry on the work of the farm and school in accordance with the high practical standard which has been set, and which was intended by the legislature, more buildings are needed, with a corresponding increase in the number of instructors and in maintenance funds. The location of the farm near a small village makes it impossible for students to find living accommodations outside the farm, and dormitories must be provided. The present dormitory was filled to capacity several weeks before the opening of school last fall—and some of the students have been living in tents.

It is evident to one familiar with the facts that the aims of the farm school are meeting with wide approval throughout the State. There is a demand for the kind of instruction which is given at the farm. In a comparatively short time the school will have hundreds of students. The efficiency of its work will always be hampered if buildings are overcrowded, equipment inadequate, and instructors overworked. The highest interest of the State requires that its citizens shall be educated and prosperous, and the liberal encouragement of all means looking toward this end is one of the most essential aims of government. The greatest educational opportunity of the present lies in the development of such institutions as this which is growing upon the University Farm.

IMPROVEMENT OF MONTEREY HARBOR.

The Joint Committee on Harbors appointed by the Legislature in 1907 called attention to the necessity of a Federal appropriation for Monterey Bay. Such an appropriation now seems probable. It is made a condition of such Federal act that the sum of \$200,000 shall be raised from other sources. The construction of a seawall providing a safe anchorage for ships in this harbor is a matter of the utmost importance, and should strongly commend itself to your consideration. As the National Government does not feel disposed to make the entire appropriation, the balance, or a considerable portion thereof, should be supplied by the State of California.

STATE BOARD OF AGRICULTURE.

During this administration the State Board of Agriculture had a bill passed in the Legislature removing the old agricultural pavilion from the Capitol grounds, it being the purpose of the State Board of Agriculture to park and beautify a large tract of land immediately adjoining the city limits of the State capital, whereupon annual fairs and exhibits could be held, with abundance of room for suitable buildings.

Following this, other laws have been enacted and appropriations have been granted for the erection of a few of the most important buildings necessary for exhibition purposes. Some of these buildings are only partially built and others are very necessary if this State intends to hold annual fairs of the same high standard adopted by many of our Eastern States, and thereby stimulate, protect, and foster production along the lines of agriculture, horticulture, mining, manufacturing, and kindred industries.

The wonderful success of the last State Fair is largely due to the pluck and energy of the citizens and merchants of Sacramento, and the State is greatly indebted to the committee in charge, acting in conjunction with the Directors of the State Board of Agriculture, for one of the best—in fact, by long odds generally conceded the very best fair—the State has ever held. It is not to be expected however, that the State should continue to look to the citizens of any one city to

continue to appropriate money for State purposes, and I therefore hope and trust that this Legislature will give this subject the consideration due it when it is presented by and through the Directors of the State Board of Agriculture.

STATE LIBRARY AND COURT BUILDING.

Not only has the work increased in all the State offices, but likewise there is hardly an officer, department, board, or commission that is not in need of additional room; the Controller and other officials have no private offices in which to conduct the important affairs of State. Many needed additions have been made by the State Capitol Commissioners during this administration, but the State has outgrown its Capitol building, and it is not large enough to house its courts and its State Library, together with its various other departments centered therein.

I call your attention to the report of our State Librarian, and respectfully suggest that this Legislature take some action towards an investigation of conditions with a view of erecting an appropriate building in the Capitol grounds in which to house the Supreme Court, Appellate Court, and State Library. The latter alone takes up a very large space in the basement, half of the top floor, and a great portion of the first, second, and third floors. Besides taking the space that is now occupying very necessary to the proper conduct of the State's business under the various officials, the inconvenience for those using the library is very marked. More important than this is the unnecessary expense entailed in the management of the library brought about by the existing conditions.

EXECUTIVE OFFICE.

Some of the departments, in their biennial reports, call attention to the increase in the amount of work performed. In many instances, judging from the work in my own office, this is undoubtedly true, and legislation should be enacted allowing additional help. As this matter will be brought to your attention in various other ways, I will make no specific recommendation. The executive and clerical work in this office for the last year and a half about equals that of the first two years and a half. During my term the records show we have written over 70,000 letters, many of them requiring considerable research in this as well as other offices of the State government, especially those letters received from foreign countries and sister States.

This office has honored 353 requisitions and issued warrants of rendition for return of criminals to other States. Many of these required hearings which consumed much of the time of the executive. It has granted 274 applications for requisitions by district attorneys of this State on other States and countries for return of criminals to this State. It has issued 4 proclamations offering rewards, 58 holiday and other proclamations; signed 1,308 land patents, issued 6,518 commissions to notaries public, and made 1,214 executive appointments.

During the last session of the Legislature a bill was introduced requiring that a person for whom an application for extradition is granted, must be returned and convicted, otherwise the State was not to be compelled to pay the expenses of the agent appointed. This bill passed the Senate, but was defeated in the Assembly. At almost every session of the Legislature a deficiency claim is granted for the payment of expenses in connection with extradition of criminals. Many district attorneys of the various counties use proper discretion in making applications for extradition, but I am sorry to say a large number do not. If the counties making application for extradition had to bear this expense I feel certain fewer applications would be asked for. I respectfully submit to the Legislature that some action along this line should be taken granting the Executive more power, or the law changed so that the State would not be taxed unnecessarily, especially where conviction is not obtained or the party for whom extradition is asked is not returned.

My relations with both branches of the Legislature have always been most pleasant. Constituted of able, upright men, striving at all times to attain the right, their services have been distinguished by progressive and creative legislation to the great good of the State, and they have helped to make my administration whatever of success it has been.

In conclusion, I desire to express my thanks and appreciation to the officers and employees of the different departments and institutions of the State who have so ably and loyally assisted me in my administration. To their efforts I feel deeply grateful.

J. N. GILLETT, Governor."

APPENDIX.

LIST OF REPRIEVES, COMMUTATIONS, AND PARDONS.

The number of applications for executive clemency has been very large, and in the consideration of same I have endeavored to be extremely careful that none but those who in justice, humanity, and law should receive clemency. I have been greatly assisted in arriving at satisfactory results by the exercise of the parole system, to which I have referred in the body of this message.

Following is a list of cases in which clemency has been granted during the last two years and since my last biennial message:

REPRIVES.

APRIL 15, 1908. J. W. FINLEY, convicted in the Superior Court of the county of Sacramento in December, 1906, of the crime of assault with a deadly weapon with malice aforethought, defendant then being a prisoner undergoing a life sentence in the State Prison. As punishment therefor, Finley was sentenced to be executed at the State Prison at Folsom, the 2d day of March, 1906. Finley thereafter appealed his case to the Supreme Court of the State, which appeal was denied. The Superior Court of Sacramento County thereafter ordered that Finley be executed on the 17th day of April, 1908. By reason of my absence from the State I had no opportunity to examine the matters submitted to this office upon his application for clemency. I therefore reprieved him until the 15th day of May, 1908. Subsequent reprieves were made on May 14th, May 27th, June 10th, and August 12th to enable Finley to apply for a writ of error to appeal to the Supreme Court of the United States.

DECEMBER 9, 1908. FRANCISCO QUIJADA, convicted in the month of December, 1905, in the Superior Court of the county of Sacramento of the crime of assault with a deadly weapon with malice aforethought, defendant being at the time of the commission of said assault a life prisoner in the State Prison, and sentenced to be hanged. Quijada was convicted under the provisions of Section 246 of the Penal Code, and as the constitutionality of such section was in question in the case of the *People vs. J. W. Finley*, on appeal to the Supreme Court of the United States, I ordered a reprieve until the 12th day of February, 1909, so that he might not be executed until the constitutionality of such section was determined. For the reason that the matter of appeal of J. W. Finley was still pending before the Supreme Court of the United States, I again on February 8, 1909, reprieved said Francisco Quijada until the 9th day of April, 1909. Subsequent reprieves were made on the 7th day of April to July 9, 1909, and on the 3d of July to October 8, 1909, and on September 27th to February 11, 1910, and on January 29, 1910, to May 13, 1910, and on April 26, 1910, to October 7, 1910, and on September 26, 1910, to April 7, 1911.

MAY 25, 1909. CHARLES CARSON, convicted in January, 1906, in the Superior Court of the county of Sacramento of the crime of assault with a deadly weapon with malice aforethought, defendant being at the time of commission of said assault a life prisoner in the State Prison and sentenced to be hanged. Said Charles Carson was convicted under the provisions of section 246 of the Penal Code, and as the constitutionality of such section was in question in the case of the *People vs. J. W. Finley*, on appeal to the Supreme Court of the United States, therefore I ordered a reprieve until October 1, 1909, so that he might not be executed until the constitutionality of such section was determined. Subsequent reprieves were granted on September 18, 1909, to February 4, 1910, and on January 26, 1910, to May 6, 1910, and on the 26th day of April, 1910, to October 7, 1910, and on September 26, 1910, to April 7, 1911.

AUGUST 2, 1909. W. B. BRADBURY, convicted in 1904 in the Superior Court of the county of Marin and sentenced to imprisonment for one year in the State Prison at San Quentin. Said Bradbury appealed from said judgment to the Appellate Court, and on September 24, 1908, said judgment was reversed and prisoner remanded for new trial. In November, 1908, the District Attorney of Marin County carried the appeal to the State Supreme Court, and in June, 1909, the Supreme Court reversed the ruling of the Appellate Court and affirmed the judgment of the Marin County Superior Court. I having been requested to pardon said W. B. Bradbury, and not having at the time had an opportunity to examine into the merits of the case, reprieved the said Bradbury until September 2, 1909, unless otherwise ordered.

SEPTEMBER 8, 1910. LOUIS AUGUSTINE, convicted in Lake County of the crime of murder in the first degree and sentenced to be hanged at the State Prison at San Quentin on Friday, the 16th day of September, 1910. An application for commutation of sentence having been filed in this office, and that I might review the transcript of testimony in this case, I caused a reprieve of the judgment and sentence of the said Louis Augustine to and until Friday, the 18th of November, 1910. Subsequent reprieve was granted said Louis Augustine for the reason that there had not yet been filed in this office a transcript of testimony taken at the trial, which was necessary for me to have before I could pass upon the application for commutation of sentence. Said subsequent reprieve was made November 4, 1910, to December 16, 1910, and by Acting Governor Porter on December 12 to January 20, 1911.

NOVEMBER 30, 1910. WILLIE LUIS, convicted in San Luis Obispo County of the crime of murder in the first degree, was sentenced to be hanged in the State Prison at San Quentin on Friday, December 1, 1910. It appeared that this is a matter which should be given close attention and consideration, and as I had not yet had an opportunity to examine into the facts of the case, I therefore issued a reprieve of judgment and sentence to Friday, February 3, 1911.

COMMUTATIONS.

FEBRUARY 11, 1909. ED SILVER, convicted in December, 1907, of the crime of murder in the first degree in the county of San Bernardino and sentenced to be hanged on the 19th day of February, 1909. I have made careful investigation of all the facts

surrounding the commission of the offense for which he was adjudged to be guilty, and have carefully investigated the conduct of said prisoner since that time, and have weighed most carefully the recommendations of those asking clemency for said Ed Silver. In view of the opinion signed by the following members of the Supreme Court: Lucien Shaw, J., W. H. Beatty, C.J., Henry A. Melvin, J., F. W. Henshaw, J., F. M. Angellotti, J., W. G. Lorigan, J., dated San Francisco, Cal., December 19, 1908, and the statement by them that there was serious doubt in their minds as to the justice of the decision that the crime was accompanied by no mitigating circumstances sufficient to have reduced the punishment to imprisonment for life, I therefore commuted the death sentence of said Ed Silver to imprisonment for life in the State Prison at San Quentin.

MARCH 19, 1909. FRANK S. WILSON, in June, 1902, was convicted in the county of San Joaquin of the crime of robbery and sentenced to the State Prison at Folsom for the term of his natural life. The State Board of Prison Directors, under resolution adopted July 18, 1908, have recommended that sentence of said Wilson be commuted. A majority of the members of the Supreme Court of the State on the 8th day of October, 1908, recommended that executive clemency be extended to the said Frank S. Wilson by commutation from that of life imprisonment to a term of not less than ten years. It appears that the said Wilson has been an exemplary prisoner during the full term of his imprisonment, and that in the opinion of the State Prison Board he will ever after remain a good and law abiding citizen. In view of these recommendations and such other recommendations as are on file with such application, the sentence of said Frank S. Wilson was commuted, said commutation to take effect immediately, provided that if the said Frank S. Wilson shall hereafter be convicted of any felony this commutation shall become void, and in addition to the sentence imposed for such felony he shall serve the remainder of the sentence cut short by this order.

JUNE 14, 1909. JOHN W. LAKE, convicted in the county of Alameda in June, 1908, of the crime of passing a fictitious check, and sentenced to two years in the State Prison at San Quentin. It appeared that said lake is a very old man, in bad health, and not expected to live through an operation necessary to save his life, that he has been confined in the prison hospital for six months past, and will remain there until discharged. The State Board of Prison Directors have recommended executive clemency. The sentence of said John W. Lake was commuted so that he could be released from prison at once.

JUNE 21, 1909. JOHN STEVENS, convicted in August, 1892, in the county of Calaveras, of the crime of burglary in the first degree, was sentenced for a term of twenty-seven years upon nine commitments of three years each, each sentence of three years to take effect on the termination of the preceding one. It appears that at the time sentence was pronounced on said Stevens it was and previously had been the custom, where a prisoner was imprisoned upon two or more terms running consecutively, the credits for good behavior were computed on the aggregate time of such terms; it further appears that said custom has been declared illegal by the Attorney General, and such credits for good behavior are now computed upon each sentence separately, thereby increasing in the case of said Stevens' actual term to serve four years and seven months. Judge Gottschalk, who sentenced said Stevens, has certified that it was his intention in imposing the sentence that Stevens would receive full credits based on the entire time to serve; in other words, he was to serve equal to a single term of twenty-seven years. Therefore by reason of the foregoing statement, and that the conduct of said John Stevens has been exemplary, and a majority of the Judges of the Supreme Court of the State have recommended the commutation of sentence, and by such other recommendations as are on file with such application, Acting Governor Porter commuted the sentence of John Stevens to take effect immediately, provided that if said John Stevens shall hereafter be convicted of any felony this commutation shall become void, and in addition to the sentence imposed for such felony he shall serve the remainder of the sentence cut short by this order.

JULY 9, 1909. FRANK METZGER, convicted in April, 1903, in the county of Los Angeles of the crime of robbery, was sentenced to life imprisonment in the State Prison at San Quentin. There have been filed in this office affidavits which tend to show that the conviction of said Metzger was the result of a mistaken identity, and while I was not fully satisfied from such affidavits and proofs of the innocence of said Metzger, yet, in view of this uncertainty, I felt that his sentence should be commuted to such term as will permit him to be paroled within the near future, so that he may be able to show by his conduct outside the prison walls whether he is worthy of receiving a full pardon. It appears that said Frank Metzger's prison conduct has been exemplary, and he had conformed to all the prison rules. Therefore, in accordance with recommendations that are on file with such application, I commuted the sentence of said Frank Metzger to twenty years.

SEPTEMBER, 21, 1909. WILLIAM BUCKLEY, convicted in February, 1902, in San Francisco of the crime of murder in the first degree, was sentenced to be hanged. It appeared from statement submitted to me that the actual killing of Rice was committed by one "China Copeland" and not by said Buckley. Of the truth of this I am fully satisfied. But in view of the fact that Buckley was present at the time of the killing, his flight from the scene of the fatal affray, and other circumstances

connected therewith, I can not but feel that there may be some justification for the belief that Buckley was in some way culpable. My opinion is confirmed by a letter from Hon. F. M. Angellotti, Associate Justice of the Supreme Court of this State. I therefore commuted the sentence of the said William Buckley to fifteen years, which time would entitle him to immediate parole, to the end that his conduct may be determined outside of prison walls whether he is worthy of a full and complete pardon.

JANUARY 19, 1910. E. EDMINSTER, convicted in March, 1902, in San Francisco of the crime of burglary in the second degree, was sentenced to undergo an imprisonment of eighteen years in the State Prison at San Quentin upon seven commitments. Said Edminster had suffered a previous conviction of burglary in the second degree. The State Board of Prison Directors by resolution dated November 13, 1909, represented to the Supreme Court of this State that the conduct of the said E. Edminster had been good, that he had been a faithful workman, and that said Edminster was losing his sight; his left eye was sightless and the right eye seriously impaired and steadily failing, as evidenced by statement of oculist Wallace A. Franklin, the result of which examination was concurred in by Resident Physician W. J. Stone, whereon the majority of the Judges of the Supreme Court, F. M. Angellotti, F. W. Henshaw, W. G. Lorigan, M. C. Sloss, and Henry A. Melvin, joined in the recommendation that the application be granted. Therefore, in compliance therewith, the sentence of said E. Edminster was commuted to such time as would entitle him to release immediately upon signing the commutation. Provided that if the said E. Edminster shall hereafter be convicted of any felony this commutation shall be void, and, in addition to the sentence imposed for such felony he shall serve the remainder of the sentence cut short by this order.

FEBRUARY 15, 1910. J. H. RUSSELL, convicted in April, 1908, in the county of Alameda of the crime of passing a fictitious check, was sentenced to five years in the State Prison at San Quentin. It appears that said Russell had already served two and a half years in the county jail pending his appeal to the appellate court. It also appears from the certificate of the Justices of the District Court of Appeal of the First District of this State that such appeal was a meritorious one, and the questions involved were such as to justify the defendant in anticipating a reversal of the judgment appealed from. The commutation of sentence was requested by the Justices of the District Court of Appeal and by Associate Justice of the Supreme Court Hon. F. M. Angellotti, who wrote the opinion of the Supreme Court affirming said judgment, and by Hon. Henry A. Melvin, who presided at the trial in the Superior Court, and by the jurors who sat in judgment upon the trial of said case, and by Frank Barnett, Sheriff of Alameda County, who certified that he was an exemplary prisoner when in the county jail, and had rendered valuable assistance to the authorities at the time of an attempted outbreak in said county jail. Therefore with the recommendations on file with such application I commuted the sentence of said J. H. Russell to one year.

MARCH 22, 1910. EDWARD CONNELLY, convicted in August, 1892, in the county of Calaveras of the crime of burglary in the first and second degrees, was sentenced to thirty-nine years in the State Prison at San Quentin upon twelve commitments, to serve a series of consecutive terms as follows, to wit: One for six and eleven for three years each. The said Edward Connelly was previously convicted of burglary in the second degree. It appeared that said Connelly has been a patient in the prison hospital for eleven years past, and that there is a hardening of the posterior column of his spinal cord, and he has practically no use of his body from the waist down, and that this condition is a progressive one, and one for which there is no cure, and will continue to grow worse until he is confined to his bed. This statement is substantiated by the Resident Physician. The State Board of Prison Directors, by resolution dated February 12, 1910, recommended to the Supreme Court of the State and to the Chief Executive that the sentence of the said Edward Connelly be commuted to twenty-nine years. It appeared that the statements of the State Prison Board are true and correct and that said Connelly has at all times conducted himself in strict conformity with the prison rules, and a majority of the State Supreme Court, viz., W. H. Beatty, Chief Justice, W. G. Lorigan, Justice, Henry A. Melvin, Justice, Lucien Shaw, Justice, and F. M. Angellotti, Justice, have recommended commutation be granted. Commutation of sentence to twenty-nine years was issued to said Edward Connelly, provided that if the said Edward Connelly shall thereafter be convicted of any felony this commutation shall be void, and in addition to the sentence imposed for such felony he shall serve the remainder of the sentence cut short by this order.

MAY 25, 1910. CORNELIUS J. CROWLEY, convicted in January, 1904, in the county of Riverside of the crime of murder, and sentenced to life imprisonment at the State Prison at San Quentin. It appears from statement of W. J. Stone, M.D., resident physician of the prison that said Crowley was suffering from pulmonary tuberculosis and that he could survive but a few days. John E. Hoyle, Warden of San Quentin Prison, recommended that it would be advisable to commute this sentence so as to entitle him to release at once. It further appeared that the conduct of said Crowley has been such as to entitle him to the favorable consideration of the prison

officials. Therefore, by reason of the foregoing representations and recommendations, Acting Governor Porter commuted the sentence of the said Cornelius J. Crowley so that he would be entitled to immediate release.

JUNE 17, 1910. ARTHUR VALIN, convicted in November, 1905, in the county of San Bernardino of the crime of robbery, was sentenced to a term of eighteen years in the State Prison at Folsom. It appeared that said Arthur Valin at the time of the commission of the offense was of the age of twenty years, and was at the time under the influence of liquor and in a measure not responsible for his criminal act. It also appeared to me that the term of eighteen years was an excessive sentence in view of all the circumstances of the case, his age, his first offense, that upon the trial of Valin there was a disagreement of the jury, and it required a second trial before conviction could be secured. I therefore commuted the sentence of the said Arthur Valin to the term of ten years, provided that if said Arthur Valin thereafter be convicted of any felony this commutation shall be void, and in addition to the sentence imposed for such felony he shall serve the remainder of the sentence cut short by this order.

AUGUST 8, 1910. JOHN McEVOY, convicted in June, 1908, in the county of Imperial of the crime against nature, and sentenced to a term of ten years in the State Prison at San Quentin. It appeared the offense was committed at a time when McEvoy was under the influence of liquor and in a measure not responsible for his criminal acts; also it appeared to me that the term of ten years was an excessive one in view of all the circumstances in the case, and it being his first offense, I therefore caused the sentence of said John McEvoy to be commuted to a term of five years.

AUGUST 23, 1910. FABRONIO MACHUCA, convicted in December, 1908, in Los Angeles of the crime of murder in the first degree, was sentenced to be hanged. In a letter from Hon. M. C. Sloss, Associate Justice of the Supreme Court of the State of California, he stated that upon review of the evidence in this case there was left in his mind a grave doubt whether under all the facts the extreme penalty of the law should, in justice, have been imposed upon the accused, and recommended that executive clemency be exercised to said Machuca with a view that the ends of justice would be served by a commutation of sentence. This opinion and recommendation was concurred in by all of the members of the Supreme Court, and signed by W. H. Beatty, Chief Justice, F. M. Angellotti, Henry A. Melvin, W. G. Loring, F. W. Henshaw, and Lucien Shaw, Associate Justices. Upon careful examination of the record I concurred in the opinion of the Supreme Court, and in accordance with the recommendations that are on file with such application, commuted the sentence of said Fabronio Machuca to life imprisonment.

DECEMBER 17, 1910. WILLIAM D. WRIGHT, convicted in October, 1906, in the county of Santa Clara of the crime of murder, was sentenced to life imprisonment in the State Prison at San Quentin. It appeared that the Board of State Prison Directors received a letter from Hon. J. R. Welch, the judge who sentenced said William D. Wright, in which he said, in part: "I am writing this letter to recommend a commutation of sentence to a term of years. I do not regard Wright in the category of hardened criminals. He committed his crime under great excitement brought on by domestic infelicity. He was not himself; yet this does not excuse him for the deed committed. He must be punished. The question remains, how much shall he be punished, and what is best for the individual and for society? He did not try to evade punishment. He wished to plead guilty. To receive the plea meant the imposing of the death sentence. I did not care to take the responsibility; a jury trial was ordered. He was found guilty as charged, and the jury fixed the punishment at life imprisonment. Because of the circumstances of the crime and because of the character of the man, I have reached the conviction, unaided by the suggestion of any one, that society will not suffer, and the individual will be made better and of some use to himself and his fellow men by commutation of sentence." It appears that said William D. Wright has an excellent prison record. For the foregoing reasons, and in accordance with the recommendations on file with such application, Acting Governor Porter commuted the sentence of the said William D. Wright to twenty years, provided that if the said William D. Wright shall hereafter be convicted of any felony this commutation shall become void, and in addition to the sentence imposed for such felony, he shall serve the remainder of the sentence cut short by this order.

DECEMBER 17, 1910. ARCHIE P. STANSELL, convicted in December, 1907, in the county of Fresno, was sentenced to a term of fifty years in the State Prison at San Quentin. It appears that the State Board of Prison Directors, by resolution adopted December 10, 1910, concurred in the recommendation of the Judge who imposed the sentence on the said Stansell, that his sentence be commuted to a term of ten years, which will permit of his being paroled at once, and recommend that the Governor do commute the said sentence to a term of ten years. Acting Governor Porter commuted the sentence of the said Archie P. Stansell to a term of ten years, provided that if the said Archie P. Stansell shall hereafter be convicted of any felony this commutation shall be void, and in addition to the sentence imposed for such felony he shall serve the remainder of the sentence cut short by this order.

DECEMBER 17, 1910. HARRY FINNERTY, convicted in January, 1908, in the county of Fresno of the crime of robbery, was sentenced to a term of fifty years in the State Prison at San Quentin. It appeared from a resolution adopted by the State Board

of Prison Directors dated December 10, 1910, that said Harry Finnerty has received the recommendation of the Judge who imposed the sentence and the District Attorney who prosecuted the case for commutation of sentence to such term as will permit him to be paroled at once. The Board of State Prison Directors concurred with the said Judge and District Attorney and recommended that the sentence of said Harry Finnerty be commuted to a term of ten years. Therefore, in accordance with the recommendations of the Board of Prison Directors and such other recommendations as are on file with such application, Acting Governor Porter commuted the sentence of said Harry Finnerty to ten years.

DECEMBER 17, 1910. THOMAS MORAN, convicted in April, 1902, in the county of San Francisco of the crime of murder, was sentenced to life imprisonment in the State Prison at Folsom. It appeared from affidavits and statements submitted to this office in the Buckley case, that the actual killing of Rice was committed by one "China Copeland." It also appeared that the claim in the Moran case at its inception was that Moran wielded the club which felled Rice to the ground, immediately before the killing, and that Moran rode out with Buckley on the front left hand open portion of the car. The witness Piatt testified positively that Moran and Buckley got off the car together; that Moran used the club on Rice, and that Buckley fired the fatal shots. It further appeared from affidavits and statements submitted to this office in the Buckley case that witnesses Walter J. Piatt, Erlene Piatt, and Arthur Cleve were mistaken in their identification of Buckley, and it appeared that, stripped of this element, the only evidence against Moran is that he went to the scene of the shooting, and that when he found that there was a likelihood of getting into trouble he first denied that he had been to the scene of the shooting, and afterward admitted it. Therefore, in accordance with the foregoing statements and in accordance with the recommendations that are on file with such application, Acting Governor Porter commuted the sentence of the said Thomas Moran to a term of fifteen years.

PARDONS. *Continued.*

FEBRUARY 1, 1909. ASCENSION VELA was convicted in the county of Los Angeles of the crime of manslaughter, and was sentenced to a term of six years in the State Prison at Folsom. It appears from affidavits that the conviction of said Ascension Vela was procured through perjured testimony, and that true facts would show that such homicide was committed in self-defense, and that the verdict rendered against him was improper; and he should have been acquitted had not perjured testimony been given at the trial. For the foregoing reasons a pardon was issued to said Ascension Vela.

MAY 14, 1909. GERALD A. COURVOISIER, in December, 1907, was convicted in San Francisco of the crime of forgery and sentenced to six years in the State Prison at San Quentin. Upon the recommendation of a majority of the Judges of the Supreme Court of this State a pardon was granted the said Gerald A. Courvoisier.

JUNE 21, 1909. RALPH A. HUNTINGTON, convicted in July, 1908, in San Francisco of the crime of manslaughter, was sentenced to a term of four years in the State Prison at San Quentin. It appeared that said Huntington had been convicted and was confined at the State Prison under the care of the prison physician, having no other disease, and it appeared from report of the prison physician that said R. A. Huntington could live but a short time. Therefore, it appeared that no good purpose could be served by compelling the said R. A. Huntington to serve the balance of his term and that his death would be hastened by continued imprisonment. The Board of State Prison Directors, by resolution dated April 10, 1909, recommended that executive clemency be extended to said R. A. Huntington. For the foregoing reasons a pardon was issued by Acting Governor Porter.

JUNE 24, 1909. R. D. JACKSON, convicted in the month of January, 1907, in the county of Los Angeles of the crime of burglary in the first degree, was sentenced to ten years at San Quentin, and on said day and date the said Jackson was committed in the same court of the crime of burglary in the second degree and sentenced to five years at San Quentin. Said Jackson was paroled on September 1, 1908, and ever since has led an honorable and upright life. It appeared that said Jackson, just on the 27th day of July, 1909, he returned to the prison to serve his second sentence, and under the parole laws he could not receive his liberty upon parole for a period of one year thereafter. It appeared that his conduct had been highly commendable, and that he had given evidence of complete reformation. The honorable Board of Prison Directors and a majority of the Justices of the Supreme Court recommended that a pardon be granted to the said paroled prisoner. Acting Governor Porter granted a pardon to the said R. D. Jackson for the commission of the said crime of burglary in the second degree and ordered that he should not be compelled to undergo any imprisonment for the commission of the second crime.

MAY 26, 1910. W. F. CORD, convicted in June, 1908, in the county of Tulare of the crime of manslaughter and sentenced to a term of ten years in the State Prison at San Quentin. It appeared that the crime for which Cord was convicted was committed under great provocation, and that many facts connected therewith were not available at the trial for the defense of Cord, but have since come to light, and create serious doubt as to his guilt. It further appeared that said W. F. Cord had lived in Tulare County for twenty years prior to the commission of this offense, and had always been a quiet, sober, and industrious man, and had never had trouble before. It also appears that said Cord is the father of five minor motherless children who are dependent upon him for support. Petitions have been filed in this office by all the living jurors who sat on the trial, asking, in view of the circumstances which had come to their notice and knowledge since the trial, that said Cord be paroled. Petitions signed by hundreds of the most prominent citizens of Tulare County, testifying that Cord was a quiet, sober, industrious man and never in previous trouble, and asking for his pardon, have been presented. It appeared that Cord had already suffered almost two years' imprisonment. Under these circumstances Acting Governor Porter considered it right and proper to pardon the said W. F. Cord.

JUNE 27, 1910. A. J. FLOOD, convicted in January, 1910, in the county of Alameda of the crime of forgery, was sentenced to a term of one year in the State Prison at Folsom. It appears that the conduct of said Flood has uniformly been good, and that he faithfully discharged the duties assigned him during his imprisonment, and that at a meeting of the State Board of Prison Directors June 18, 1910, considering the conduct of the prisoner, by resolution recommended that the Governor do extend executive clemency to the said A. J. Flood. A pardon was therefore issued.

SEPTEMBER 2, 1910. C. M. REED, convicted in January, 1910, in the county of Contra Costa of the crime of burglary in the second degree, was sentenced to a term of five years in the State Prison at San Quentin. In a letter from the President of the State Board of Prison Directors, written by direction of said Board, relative to a report from Resident Physician W. J. Stone of San Quentin Prison to Warden J. E. Hoyle of the same prison, respecting the condition of health of said Reed, and a communication of Warden Hoyle transmitting said report, both communications being dated August 29, 1910, the Board adopted an order directing the president to communicate with the Governor, and to state that in the judgment of the Board the above

case was one where executive clemency might be properly exercised, to the end that the prisoner might end his life at home with his wife, adding that his wife claims to be capable of taking care of him during the very short time he has to live. A majority of the Justices of the Supreme Court joined in the following recommendation to the Governor: "In pursuance of the foregoing statement from the State Board of Prison Directors and solely upon the ground of humanity, we Justices of the Supreme Court of California hereby recommend the pardon of said C. W. Reed, September 1, 1910, W. H. Beatty, Chief Justice; F. M. Angellotti, Associate Justice; Lucien Shaw, Associate Justice; F. W. Henshaw, Associate Justice." A pardon was therefore issued to said C. M. Reed, to take effect immediately.

OCTOBER 6, 1910. MARY ANN DELEHANTY, convicted in July, 1909, in San Francisco of the crime of manslaughter and sentenced to a term of eighteen months in the State Prison at San Quentin. The judge before whom the prisoner was tried and convicted and the district attorney, who were familiar with all the circumstances in the case, have requested that a pardon be granted said Mary Ann Delehanty. In accordance with the recommendations on file with such application I caused a pardon to be issued to the said Mary Ann Delehanty, provided that if the said Mary Ann Delehanty shall hereafter be convicted of any misdemeanor this pardon shall become void and in addition to the sentence imposed for such misdemeanor she shall serve the remainder of the time cut short by this order.

DECEMBER 17, 1910. HERBERT THAYER THORNBURGH, convicted in July, 1910, in the county of Sacramento of the crime of obtaining money under false pretenses, was sentenced to a term of two years in the State Prison at San Quentin. It appeared that said Thornburgh was a duly licensed physician and surgeon employed by the Fer-Dun Medicine Company on a salary at the time of the commission of the alleged crime, and he was included as one of the defendants in the indictment returned to the Superior Court. All parties connected in the crime had been convicted, and the most guilty of the parties had received their freedom. It also appeared that said Thornburgh had aided the officers in securing the conviction of the Fer-Duns and it further appeared that said Dr. Thornburgh was in poor health, having contracted malarial fever while in the service of the United States as a contract doctor in the Philippines, and since his confinement he had been afflicted with severe attacks of heart trouble, and his confinement had undermined his health to the extent that further confinement would so impair it as to prevent his recovery. J. W. Hughes, Judge of the Superior Court, who tried and sentenced said Thornburgh, and E. S. Waelhorst, the District Attorney who prosecuted the case, have recommended executive clemency. For the foregoing reasons, and in accordance with the recommendations that are on file with such application, Acting Governor Porter pardoned the said Herbert Thayer Thornburgh.

DECEMBER 17, 1910. SEABIANO GONZALES, convicted in January, 1903, in the county of Los Angeles of the crime of murder in the first degree, was sentenced to life imprisonment in the State Prison at San Quentin. It appeared from a statement filed in this office by Leonard Mordaunt, a celebrated philanthropist who has devoted much time to criminology and who has investigated this case, also from affidavits from several police officers of Los Angeles city, among them F. J. Tamantes, that said Gonzales was a Mexican and could not speak the English language, and did not understand any part of the proceedings at the time of the trial, and being friendless and penniless, counsel was appointed for him by the court, and it appeared from the said statement and affidavits that said Gonzales was neglected by his attorney, that there was at the time of the trial reasonable doubt as to the guilt of the defendant, and that certain testimony suggested by the said police officers was not brought out in the trial whereby said Gonzales might have been proven innocent of the crime of which he was convicted; and it further appeared that Gonzales had an excellent prison record. For the foregoing reasons, and in accordance with the recommendations on file with such application, Acting Governor Porter granted a pardon to the said Seabiano Gonzales.

DECEMBER 22, 1910. HARRY SPIRUE, convicted in May, 1905, in the county of San Francisco of the crime of attempt to commit arson, was sentenced to a term of twelve years in the State Prison at San Quentin. It appeared that said Harry Spire afterward perfected an appeal, and the bill of exceptions to be used on appeal was burned in the general conflagration of April, 1906, and that he had since been unable to have the records of his appeal restored for want of funds, and continued to be confined in the county jail upon the stay of proceedings granted in the superior court pending the appeal. It further appeared that during the time that said Harry Spire has been an inmate of the county jail he has won the sympathy and good grace of the sheriff and all the jail officials by his uniformly excellent and model conduct, as well as his valuable services to the county, and is a trusty at the jail and holds the highest position obtainable by an inmate of the jail, and it appeared that he had been actually in confinement for over six years, and that the grand jury through its foreman and secretary, the committee on county jail, the district attorney, and the sheriff did recommend and petition that a pardon be granted. Therefore, by reason of the record and in accordance with the recommendations on file in this case, Acting Governor Porter granted a pardon to the said Harry Spire.

DECEMBER 23, 1910. ALBERT J. WARD, convicted in February, 1910, in the county of Los Angeles of the crime of burglary in second degree, was sentenced to a term of

five years in the State Prison at San Quentin. It appeared that said Ward was serving a third term in the State Prison, that he had not served one calendar year of the term for which he was last sentenced, therefore could not be paroled. It further appeared that said Albert J. Ward was a patient in the Prison Hospital, that he was suffering from an incurable disease, and in the opinion of the Prison Physician and also of several other reputable physicians who have examined the patient that he has only a short time to live. The State Board of Prison Directors in a resolution dated December 10, 1910, recommended to this office and to the Honorable Justices of the Supreme Court that a pardon be granted to the said Albert J. Ward. A majority of the members of the Supreme Court of this State have in accordance with said recommendation recommended that a pardon be granted. In accordance with the recommendations on file with said application, Acting Governor Porter granted a pardon to the said Albert J. Ward.

POLICE COURT AND COUNTY JAIL

PARDONS (PETTY CRIMES)

JUNE 3, 1909. W. J. DALEY, convicted in the Police Court of Oakland in January, 1909, of the crime of petit larceny, and sentenced to six months in the city prison at Oakland. Said Daley has served more than four months of the sentence imposed by the court. Judge George Samuels of the Police Court who sentenced said Daley, W. J. Hennessey, the prosecuting attorney, and J. F. Lynch, Captain of the Police of Oakland, recommended clemency to be extended to said W. J. Daley, therefore a pardon was granted to take effect immediately.

NOVEMBER 3, 1909. CARL A. HOLMQUIST, convicted in the Police Court of Los Angeles Township in August, 1909, of the crime of vagrancy, was sentenced to six months' imprisonment in the city jail of Los Angeles. It appears that said Holmquist is an old man and has served three months of his sentence. J. D. Erickson, District Attorney of Los Angeles County, and the Mayor of Los Angeles City have recommended that executive clemency be exercised in this case, which recommendations were joined in by a number of citizens of Los Angeles in petition, therefore a pardon was issued for the said Carl A. Holmquist.

MARCH 22, 1910. W. H. FORD, convicted in the Police Court of Los Angeles City in February, 1910, of the crime of vagrancy, was sentenced to serve a term of 180 days in the city jail. It appeared that for many years past said Ford has suffered from erysipelas of the brain, and that by reason of said disease of the brain said W. H. Ford was at date of commission of the crime mentally incapacitated and incompetent, and was not responsible for the crime committed. It further appears that such facts were unknown to the Hon. H. H. Reese, Judge of said court, and that had said Judge been acquainted with said facts he would not have sentenced the defendant. It appeared that further confinement in prison would further unbalance said Ford's mind, and that it was for the best interest of said Ford that he be placed in a hospital, where proper treatment might be given, provision for such treatment had already been made. The petition for his pardon was signed by such men as Hon. Henry T. Gage, Edward H. Brady, M. H. Thier, and many others. I therefore issued a pardon to the said W. H. Ford.

MARCH 29, 1910. A. H. SOUTHWICK, convicted in the Police Court of the city of Oakland on three charges of battery, was sentenced to imprisonment in the city jail of Oakland for six months on each charge. It was represented that the city jail in which he was confined was in an unsanitary condition and that said Southwick was in poor health, and if confined in said jail for the remainder of his sentence that his sickness would result fatally. His pardon was recommended by the District Attorney of Alameda County, the Chief of Police of Oakland, and many others familiar with the circumstances of such offense and the condition of the said prisoner. It further appeared that said Southwick would be removed to and placed in a Soldiers' Home where he could receive such care as was necessary to restore him to health, therefore a pardon was issued to said A. H. Southwick.

MARCH 31, 1910. WILLIAM NASH, convicted in November, 1909, in the Police Court of the city of Oakland of the crime of vagrancy, was sentenced to imprisonment in the city jail at Oakland for six months. It appeared that said Nash suffered a stroke of paralysis on February 19, 1910, and had been ever since confined in bed on account of said paralytic stroke. It further appeared that said Nash had a mother and sister residing at Hot Springs, Arkansas, who would take said Nash to their home for the purpose of caring for him in his illness. Dr. W. A. Clark, superintendent of the Alameda County Hospital, represented to me that the chances of cure for said Nash would be materially improved by a sojourn at the Arkansas Hot Springs, where his friends wish to take him. His pardon was recommended by George Samuels, Judge of the Police Court, W. J. Hennessey, Prosecuting Attorney of the Police Court, A. Wilson, Chief of Police, and J. F. Lynch, Captain of Police. William Nash was therefore pardoned.

APRIL 2, 1910. ERNEST CICERO, convicted in the Police Court of the city of Oakland in February, 1910, of the crime of battery, was sentenced to pay a fine of twenty dollars and serve twenty days in the city prison. It appeared that said

Cicero has paid the fine of twenty dollars, and had served four days and was out on bail pending appeal. It further appeared from statement of the Police Judge that circumstances have arisen which show that the said Ernest Cicero had been sufficiently punished, and a doubt had been cast upon the truthfulness of the testimony given by one of the witnesses for the prosecution. It further appeared that the mother and sister of said Cicero are largely dependent upon him for support, and that no further good could be accomplished by compelling him to serve the balance of his sentence. A pardon was therefore granted said Ernest Cicero.

AUGUST 2, 1910. AUGUST FAURE, convicted in the Police Court of the city of Oakland of the crime of battery, was sentenced to six months in the city jail of Oakland. It appears that said Faure is seventy-two years of age and in declining health, and that he has already served three months of his sentence. The Superintendent of Police, together with a number of police officers who are familiar with the case, have joined in a petition that clemency be granted said August Faure. A pardon was therefore issued to him.

SEPTEMBER 3, 1910. MAY STEVENS, convicted in the Police Court of the city of Oakland of the crime of drunkenness, was sentenced to a term of four months in the city jail of Oakland. The Judge who sentenced the prisoner, the Prosecuting Attorney, the Superintendent of Police, and the Captain of Detectives of the city of Oakland, who are familiar with the circumstances in the case, have joined in a petition that clemency be granted to said May Stevens. It appears that the said May Stevens has served more than one half of the sentence imposed upon her. In accordance with the recommendations on file with such application, I pardoned the said May Stevens.

SEPTEMBER 4, 1910. JESUS QUIROS, convicted in the Police Court of the city of Los Angeles in August, 1910, of the crime of intoxication, was sentenced to a term of fifty days in the city jail of Los Angeles. The police magistrate who sentenced said Quiros, and who is familiar with all the circumstances in the case, has petitioned that clemency be granted. In accordance with the recommendations on file with such application, I caused a pardon to be issued to said Jesus Quiros.

NOVEMBER 3, 1910. EUGENE FRANKLIN, convicted in the Police Court of the city of Los Angeles in September, 1910, of the crime of carrying deadly weapons in a rude and threatening manner, was sentenced to a term of ninety days in the city jail of Los Angeles. The Judge before whom the prisoner was tried and convicted and the Prosecuting Attorney, who are familiar with all the circumstances in the case, have joined in a petition that clemency be granted said Franklin. It appeared that said Franklin had served more than one half of his sentence. In accordance with the recommendations on file with such application, a pardon was issued.

DECEMBER 23, 1910. WILLIAM LACEY, convicted December 16, 1910, of the crime of vagrancy, was sentenced to a term of 180 days in the city jail of Los Angeles. It appeared that for the past seven years said William Lacey has been under the constant care of a physician because of organic heart trouble. It also appeared that since his incarceration in the city jail he has had two severe attacks of heart failure and that his life seems to be in peril. A letter on file from Dr. R. V. Day of Los Angeles reads as follows: "I desire to state that I have this day examined a prisoner in the city jail to determine his physical condition from the standpoint of his health and disease as to whether his remaining there will seriously endanger his life. I found him an extremely neurotic individual, suffering from chronic heart trouble of many years' duration, with an acute exacerbation, which seriously jeopardizes his health and life, and I deem it an imperative necessity because of his serious condition that he be released at once, as his incarceration may prove fatal at any moment. Dated December 21, 1910." Acting Governor Porter granted the said William Lacey a pardon.

INAUGURAL ADDRESS.

In the political struggle from which we have just emerged the issue was so sharply defined and so thoroughly understood that it may be superfluous for me to indicate the policy which in the ensuing four years will control the executive department of the State of California. The electorate has rendered its decision, a decision conclusive upon all its representatives; but while we know the sort of government demanded and decreed by the people, it may not be amiss to suggest

the means by which that kind of administration may be attained and continued. "Successful and permanent government must rest primarily on recognition of the rights of men and the absolute sovereignty of the people. Upon these principles is based the superstructure of our republic. Their maintenance and preservation measure the life of the republic." It was upon this theory that we undertook originally to go to the people; it was this theory that was adopted by the people; it is upon this theory, so far as your Executive is concerned, that this government shall be henceforth conducted. The problem first presented to us, therefore, is how best can the government be made responsive to the people alone? Matters of material prosperity and advancement, conservation of resources, development of that which lies within our borders, are easy of solution when once the primal question of the people's rule shall have been determined. In some form or other nearly every governmental problem that involves the health, the happiness, or the prosperity of the State has arisen, because some private interest has intervened or has sought for its own gain to exploit either the resources or the politics of the State. I take it, therefore, that the first duty that is mine to perform is to eliminate every private interest from the government, and to make the public service of the State responsive solely to the people. The State is entitled to the highest efficiency in our public service, and that efficiency I shall endeavor at all times to attain. It is obvious that the requisite degree of efficiency can not be attained where any public servant divides his allegiance between the public service and a private interest. Where under our political system, therefore, there exists any appointment of the Governor who is representing a political machine or a corporate entity that has been devoting itself in part to our politics, that appointee will be replaced by an official who will devote himself exclusively and solely to the service of the State. In this fashion, so far as it can be accomplished by the Executive, the government of California shall be made a government for the people. If there are in existence now any appointees who represent the system of politics which has been in vogue in this State for many years and who have divided their allegiance between the State and a private interest of any sort, or if there be in existence any Commission of like character, and I can not alone deal with either, then I shall look to the Legislature to aid me in my design to eliminate special interests from the government, and to require from our officers the highest efficiency and an undivided allegiance; and I shall expect such legislative action to be taken as may be necessary to accomplish the desired result.

In pursuing this policy, so long as we deal only with the ward-heeler who holds a petty official position as a reward for political service, or with the weak and vacillating small politician, we will have the support and indeed the commendation of all the people and all the press; but as we go a little higher, with firm resolve and absolute determination, we will begin to meet with opposition here and there to our plan, and various arguments, apparently put forth in good faith for the retention of this official or that, will make their appearance; and finally when we reach, if we do, some representative, not only of the former political master of this State, the Southern Pacific Company, but an apostle of "big business" as well (that business that believes all government is a mere thing for exploitation and private gain), a storm of indignation will meet us from all of those who have been parties to or partisans of the political system that has obtained in the past; and particularly that portion of the public press which is responsive to private interest and believes that private interest should control our government, will, in mock indignation and pretended horror, cry out against the desecration of the public service and the awful politics which would permit the people to rule. Much, doubtless, will be said of destructiveness, of abuse of power, of anarchistic tendencies and the like, and of the astounding and incomparable fitness of him who represents "big business" to represent us all. And in the end it may be that the very plan, simple, and direct to which we have set ourselves in this administration will be wholly distorted, and will be understood only by those who, with a singleness of purpose, are working for a return of popular government in California.

It matters not how powerful the individual may be who is in the service of the State, nor how much wealth and influence there may be behind him, nor how strenuously he may be supported by "big business" and by all that has been heretofore powerful and omnipotent in our political life, if he be the representative of Southern Pacific politics, or if he be one of that class who divides his allegiance to the State with a private interest and thus impairs his efficiency, I shall attack him, and I shall strive in respect to such an one in exactly the same way as with his weaker and less powerful accomplices. I prefer, as less dangerous to society, the political thug of the water front to the smugly respectable individual in broadcloth of pretended respectability who, from ambush, employs and uses that thug for his selfish political gain.

In the consummation of our design at last to have the people rule, we shall go forward, without malice or hatred, not in animosity or personal hostility, but calmly, coolly, pertinaciously, unswervingly and with absolute determination, until the public service reflects only the public good and represents alone the people.

THE INITIATIVE, REFERENDUM, AND RECALL.

When, with your assistance, California's government shall be composed only of those who recognize one sovereign and master, the people, then is presented to us the

question of how best can we arm the people to protect themselves hereafter? If we can give to the people the means by which they may accomplish such other reforms as they desire, the means as well by which they may prevent the misuse of the power temporarily centralized in the Legislature, and an admonitory and precautionary measure which will ever be present before weak officials, and the existence of which will prevent the necessity for its use, then all that lies in our power will have been done in the direction of safeguarding the future and for the perpetuation of the theory upon which we ourselves shall conduct this government. This means for accomplishing other reforms has been designated the "Initiative and the Referendum," and the precautionary measure by which a recalcitrant official can be removed is designated the "Recall." And while I do not by any means believe the initiative, the referendum, and the recall are the panacea for all our political ills, yet they do give to the electorate the power of action when desired, and they do place in the hands of the people the means by which they may protect themselves. I recommend to you, therefore, and I most strongly urge, that the first step in our design to preserve and perpetuate popular government shall be the adoption of the initiative, the referendum, and the recall. I recognize that this must be accomplished, so far as the State is concerned, by constitutional amendment. But I hope that at the earliest possible date the amendments may be submitted to the people, and that you take the steps necessary for that purpose. I will not here go into detail as to the proposed measures. I have collected what I know many of your members have,—the various constitutional amendments now in force in different states,—and at a future time, if desired, the detail to be applied in this State may be taken up. Suffice it to say, so far as the recall is concerned, did the solution of the matter rest with me, I would apply it to every official. I commend to you the proposition that, after all, the initiative and the referendum depend on our confidence in the people and in their ability to govern. The opponents of direct legislation and the recall, however they may phrase their opposition, in reality believe the people can not be trusted. On the other hand, those of us who espouse these measures do so because of our deep-rooted belief in popular government, and not only in the right of the people to govern, but in their ability to govern; and this leads us logically to the belief that if the people have the right, the ability and the intelligence to elect, they have as well the right, ability and intelligence to reject or to recall; and this applies with equal force to an administrative or a judicial officer. I suggest, therefore, that if you believe in the recall, and if in your wisdom you desire its adoption by the people, you make no exception in its application. It has been suggested that by immediate legislation you can make the recall applicable to counties without the necessity of constitutional amendment. If this be so, and if you believe in the adoption of this particular measure, there is no reason why the Legislature should not at once give to the counties of the State the right which we expect to accord to the whole State by virtue of constitutional amendment. Were we to do nothing else during our terms of office than to require and compel an undivided allegiance to the State from all its servants, and then to place in the hands of the people the means by which they could continue that allegiance, with the power to legislate for themselves when they desired, we would have thus accomplished perhaps the greatest service that could be rendered our State. With public servants whose sole thought is the good of the State the prosperity of the State is assured, exaction and extortion from the people will be at an end, in every material aspect advancement will be ours, development and progress will follow as a matter of course, and popular government will be perpetuated.

THE RAILROAD QUESTION.

For many years in the past shippers, and those generally dealing with the Southern Pacific Company, have been demanding protection against the rates fixed by that corporation. The demand has been answered by the corporation by the simple expedient of taking over the government of the State; and instead of regulation of the railroads, as the framers of the new Constitution fondly hoped, the railroad has regulated the State.

To Californians it is quite unnecessary to recall the motives that actuated the framers of the new Constitution when Article XII was adopted. It was thought that the Railroad Commission thereby created would be the bulwark between the people and the exactions and extortions and discriminations of the transportation companies. That the scheme then adopted has not proved effective has become only too plain. That this arose because of the individuals constituting the Railroad Commission, is in the main true, but it is also apparent there has been a settled purpose on the part of the Southern Pacific Company not only to elect its own Railroad Commission, but also whenever those Commissioners made any attempt, however feeble, to act, to arrest the powers of the Commission, and to have those powers circumscribed within the narrowest limits. All of us who recall the adoption of the new Constitution will remember that we then supposed the most plenary powers were conferred upon the Commission. It has been gravely asserted of late, however, by those representing the Railroad Company, and they insist that in the decisions of our courts there is foundation for the assertion, that the Constitution does not give the Commission power to fix absolute rates. In my opinion this power is conferred upon the Commission, and

in this I am upheld by the Attorney General of the State, and by the very able and eminent attorneys who represent the various traffic associations.

The people are indeed fortunate now in having a Railroad Commission of ability, integrity, energy, and courage. I suggest to you, and I recommend, that you give to the Commission the amplest power that can be conferred upon it. The President of the Railroad Commission, Mr. John M. Eishleman, in consultation with Attorney General Webb, Senator Stetson, and others, in all of whom we have the highest confidence, has been at work preparing a bill which shall meet the requirements of the case, and I commend to your particular attention this instrument.

I would suggest that an appropriation of at least \$75,000 be made for the use of the Commission that it may, by careful hearing and the taking of evidence, determine the physical value of the transportation companies in the State of California, and that the Commission may have the power and the means to determine this physical value justly and fairly, and thereafter ascertain the value of improvements, betterments and the like, and upon the values thus determined may fix the railroad rates within the State of California.

It is asserted that some ambiguity exists in that portion of the language of Section 22 of Article XII of the Constitution, which fixes the penalty when any railroad company shall fail or refuse to conform to rates established by the Commission or shall charge rates in excess thereof, and it is claimed that the use of the last phrase "or shall charge rates in excess thereof" excludes the power to punish discrimination by the railroad companies. The rational construction of the language used can lead to no such conclusion; but if you believe there is any ambiguity in the constitutional provision as it now exists, or any doubt of the power conferred by it upon the Railroad Commission, I would suggest that this matter be remedied by a constitutional amendment. In no event, however, should action be deferred in reference to needed legislation and that herein suggested. It is not unlikely that the ingenuity of those who represent the railroad companies will pretend, and find some advocates in this, that all legislative action should await the amendment of the Constitution. I trust that you will not permit this specious plea to prevail, but that you will at once accord the power to the Commission that is designed by the bill referred to.

I beg of you not to permit the bogie man of the railroad companies, "Unconstitutionality," to deter you from enacting the legislation suggested, if you believe that legislation to be necessary; and I trust that none of us will be terrified by the threat of resort to the courts that follows the instant a railroad extortion is resorted to attempted to be remedied. Let us do our full duty, now that at last we have a Railroad Commission that will do its full duty, and let us give this Commission all the power and aid and resources it requires; and if, thereafter, legitimate work done within the law and the Constitution shall be nullified, let the consequences rest with the nullifying power.

AMENDMENT OF DIRECT PRIMARY LAW.

California took a long step toward popular government when the direct primary law was enacted. The first experiment under the direct primary law has been made, and despite the predictions of the cynical and the critical, the law has been a success and has come to stay. It may, however, be improved in many respects, and so recent has been the discussion of the minor imperfections of the act that they are familiar to us all; and I think the desire is general to remedy those defects. When the law shall have been amended and its imperfections corrected, and when it shall have been made less difficult for one to become a candidate for public office (and this should be one of the designs of amendment, I think), the important question of dealing with the candidacy for United States Senator remains. Of course, the Constitution of the United States requires that United States Senators shall be elected by state legislatures. Notwithstanding the popular demand expressed now for a quarter of a century that United States Senators should be elected by direct vote of the people, we have been unable to amend the Federal Constitution; but the people in more than half the states are striving to effect the same result by indirection. The result that our people, in common with those of most of the states, are seeking is to have the people themselves elect United States Senators. I do not think it is extravagant to say that nine electors out of ten in California desire the electorate directly to choose United States Senators, and if they possessed the power they would remove the selection wholly from the Legislature. The present primary law in its partisan features does not attain the desired result. And the present law, in its provision relating to United States Senators, is at variance with the wishes of an overwhelming majority of our people. Some of those who desire direct election may wish a selection made by parties, while others would eliminate all partisan features in such an election; yet all wish a selection by the whole State by plurality; and the present provisions of the primary law meet with the approval of none who really wish the election of United States Senator by direct vote. I suggest to you, therefore, that the present law be amended so that there be a state-wide advisory vote upon United States Senator; and the logical result of a desire to elect United States Senators by direct vote of the people is that that election shall be of any person who may be a candidate, no matter what party he may be affiliated with. For that reason I favor the Oregon plan, as it is termed, whereby the candidate for this office, as for any other

office may be voted for, and by which the candidate receiving the highest number of votes may be ultimately selected. If, in your wisdom, you believe we should not go to the full extent expressed in my views, then, in any event, the primary law should make the vote for the United States Senator state-wide and the vote of the whole State, irrespective of districts, controlling.

SHORT BALLOT.

The most advanced thought in our nation has reached the conclusion that we can best avoid blind voting and best obtain the discrimination of the electorate by a short ballot. A very well known editor in our State, during a recent lecture at Stanford University, challenged the faculty of that great institution to produce a single man who had cast an intelligent vote for the office of State Treasurer, and none was produced. Fortunately, our State Treasurer is the highest type of citizen and official. The reason the challenge could not be met was that, in the hurry of our existence and in the engrossing importance of the contests for one or two offices, we can not or do not inform ourselves sufficiently regarding the candidates for minor offices. Again, we elect some officials whose duties are merely clerical or ministerial, and whose qualifications naturally can not be well understood. Of course, it is undesirable and indeed detrimental, that we should elect officials of whom we know nothing and concerning whom the electorate can not learn and can not discriminate. It is equally undesirable that those occupying merely clerical positions should be voted for by the entire electorate of the State. The result of a long ballot is that often candidates for minor offices are elected who are unfit or unsatisfactory. This conclusion, I think, has been reached by students, and the farseeing in every state in the Union. If we can remedy this condition it is our duty to do so, and it is plain that the remedy is by limiting the elective list of offices to those that are naturally conspicuous. One familiar with the subject recently said: "The little offices must either go off the ballot and be appointed, no matter how awkwardly, or they must be increased in real public importance by added powers until they rise into such eminence as to be visible to all the people. That candidates should be conspicuous is vital. The people must be able to see what they are doing; they must know the candidates, otherwise they are not in control of the situation, but are only going through the motions of controlling."

The Supreme Court of the State has asked that the Clerk of the Supreme Court, now elective, shall be made appointive. It is eminently just that this should be so. It is quite absurd that the people of an entire state should be called upon to vote for a clerk of the Supreme Court. The office of State Printer is merely administrative. Presumably, an expert printer is selected to fill this position, and in the selection of an expert, no reason at all exists for the entire electorate selecting that particular expert. The Surveyor General, likewise, performs merely ministerial duties, presumably is only an expert, and his selection should be by appointment rather than election. The Superintendent of Public Instruction, an expert educator, is in the same category. The government of the United States is conducted with all of its departments with only two elective officers, the President and Vice-President. The President has surrounding him a Cabinet, the members of which perform all of the duties that are ministerial in character. The Treasurer of the State of California performs duties akin to those of the Secretary of the Treasury of the United States. He does nothing initiative in character, and his office could better be filled by appointment than election. The Secretary of State is in reality merely the head clerk of the State, and as a clerk of the Supreme Court may be better selected by the Supreme Court itself; so the Secretary of State, as the chief clerk of the State, may be better selected by the head of the State. The Attorney General could, in like fashion, be appointed, and if so, indeed, his office could be made the general office of all legal departments of the State. Every attorneyship of the State that now exists, of commissions, and boards, and officials, could be put under his control, and a general scheme of State Legal Department could thus be successfully evolved—a department economical, efficient, and permanent, and even non-partisan in its character, if desired.

Were these various officials appointed by the Governor, the chief officer of the State could surround himself with a cabinet like the cabinet of the Chief Executive of the nation, and a more compact, perhaps more centralized and possibly a more efficient government, established. I would leave the Controller an elective officer because, theoretically at least, the Controller is a check upon the other officials of the State, and thus should be independent. Were these suggestions carried out, the State ballot would consist of a Governor, Lieutenant Governor, Controller, members of the Judiciary, and members of the Legislature. Of course, any change we might make as herein suggested could not operate upon officials now in office or during any of our terms.

I recognize that the reform here suggested is radical and advanced, but I commend it to your careful consideration.

OTHER BALLOT REFORM.

All of the parties in the State of California are committed to the policy of restoring the Australian ballot to its original form; and, therefore, I merely call to your attention that restoration as one of the duties that devolves upon us because of party pledges.

NON-PARTISAN JUDICARY

And the reform of the Assessor's office in the form which first was adopted in this State provides an even more far-reaching reform of the practice that have been made in respect to gubernatorial elections. With due regard to the interests, and with the stamp of the constitution for their reform immediately under the designation of the office, when upon the next the bill of the Judiciary is enacted, the names of all the candidates may be printed without any party designation following those names; and in this manner all of the candidates for judicial positions will be presented to the people with nothing to identify the political parties with which they have been affiliated.

COUNTY BOARD RULE

One of the most vexatious subjects with which legislatures have to deal in respect to classification, taxation, etc., is the county question. The absorbing amount of time occupied by our Legislature in county government bills can only be understood by those who have been dealing with legislative work. I quote from a report by Controller Nye upon the subject:

The first Legislature after the adoption of the Constitution commenced by making five changes of counties, which number was increased to more than forty, and at the present time there are fifty-eight changes, exactly equaling the number of counties.

If there were no other evidence of the folly of trying to legislate on county matters by general laws, one would be convincing. But the change of these general laws to meet the supposed needs of different counties has been incessant. In the legislative session of 1905 there were forty-five amendments to the county portions of the laws enacted; in 1907 there were fifty-seven such amendments, and in some cases more than existing, and in 1909 there were fifty.

So great are the evils of this form of legislation that we have the only permanent remedy for them to be the submission and adoption of an amendment which will permit each county, proceeding along the same general lines as those prescribed for cities, to draft its own county government not subject to amendment by the Legislature. The amendment should enumerate the subjects which may be embraced in these county government acts or county charters, so framed and they should include the number and composition of officers, the apportioning of salaries of these, the determination whether the county board of supervisors shall be elected by districts or at large, also the determination whether other county officers shall be elected or appointed, and such other similar matters of local concern as will not interfere with the operation of the general plan of State Government.

I quite agree with the views expressed by our Controller, and adopt his recommendation. It is but just and proper that counties should rule themselves just as cities do, and if this be accomplished we will have succeeded in taking from the Legislature perhaps a most vexatious subject, and one with which at times we it can not deal affrontingly with intelligence, and we will have added to the Legislature and the State the immense amount of time that is now expended by the Legislature upon the subject. Of course, care must be exercised to see that practical uniformity is preserved.

CIVIL SERVICE AND THE MERIT SYSTEM

In the first subject with which I have dealt, I stated shortly my attitude in regard to public service. The often it has occurred that appointments to the public service have been made solely because of personal influences or as a reward for political services. It is a design of the present administration to put in force the merit system, and it is one kind of reform that seems to me one of a civil service enactment. The committee recently appointed by the Republican State Central Committee presented an act covering the subject, which I commend to you.

CONSERVATION

In the abstract all agree upon the policy of conservation. It is only when we deal with conservation in the concrete that the enforcement of the doctrine enunciated originally by Gifford Pinchot and Theodore Roosevelt, that we find opposition. Conservation means development, but development and preservation; and it would seem that no argument should be required on the question of preserving, so far as we may, for all of the people, those things which naturally belong to all. The great natural wealth of water in this State has been permitted, under our existing laws and lack of system, to be misappropriated, and to be held to the great disadvantage of its economical development. The present laws in this respect should be amended. If it can be demonstrated that claims are wrongfully or illegally held, those claims should revert to the State. A rational and equitable code and method of procedure for water conservation and development should be adopted.

REFORMATORY FOR FIRST OFFENDERS.

Humanity requires that we should provide a reformatory for first offenders. All of us are agreed upon this matter, and your wisdom will determine the best mode of its consummation.

EMPLOYERS' LIABILITY LAW.

Upon the righteousness of an Employers' Liability Law, no more apt expression can be found than that of ex-President Roosevelt on last Labor Day. He said:

"In what is called 'Employers' Liability' legislation, other industrial countries have accepted the principle that the industry must bear the monetary burden of its human sacrifices, and that the employee who is injured shall have a fixed and definite sum. The United States still proceeds on an outworn and curiously improper principle, in accordance with which it has too often been held by the courts that the frightful burden of the accident shall be borne in its entirety by the very person least able to bear it. Fortunately, in a number of states—in Wisconsin and in New York, for instance—these defects in our industrial life are either being remedied or else are being made a subject of intelligent study, with a view to their remedy."

In this State all parties stand committed to a just and adequate law whereby the risk of the employment shall be placed not upon the employee alone, but upon the employment itself. Some new legal questions will be required to be solved in this connection, and the fellow servant rule now in vogue in this State will probably be abrogated, and the doctrine of contributory negligence abridged. It is hoped that those in our State who have given most study to this subject will soon present to you a comprehensive bill, and when this shall have been done the matter will again be made a subject of communication by me.

I have purposely refrained to-day from indulging in panegyrics upon the beauty, grandeur, wealth and prosperity of our State; or from solemnly declaring that we will foster industries, and aid in all that is material. It goes without saying that, whatever political or other differences may exist among our citizens, all are proud of California, its unbounded resources, its unsurpassed scenic grandeur, its climatic conditions that compel the wondering admiration of the world; and all will devotedly lend their aid to the proper development of the State, to the protection and preservation of that which our citizens have acquired, and that which industrially is in our midst. Ours, of course, is a glorious destiny, to the promotion and consummation of which we look forward with pride and affection, and to which we pledge our highest endeavor. Hand in hand with that prosperity and material development that we foster, and that will be ours practically in any event, goes political development. The hope of governmental accomplishment for progress and purity politically is with us in this new era. This hope and wish for accomplishment for the supremacy of the right and its maintenance, I believe to be with every member of the Legislature. It is in no partisan spirit that I have addressed you; it is in no partisan spirit that I appeal to you for aid. Democrats and Republicans alike are citizens, and equal patriotism is in each, and your aid, your comfort, your highest resolve and endeavor, I bespeak, not as Republicans or Democrats, but as representatives of all the people of all classes and political affiliations, as patriots indeed, for the advancement and progress, and righteousness and uplift of California.

May God, in His mercy, give us strength and courage for the right.

47. No motion or proposition for an amendment offered thereon shall unless germane shall be admitted under any of the provisions of this constitution.

Least Sum and Shortest Time in Final Reading.

48. In filling up blanks, the least sum or number and the greatest time shall be put first.

Short of Final Question. Two-thirds Vote not Required on Proposition to Amend Constitution.

49. When an amendment to the Constitution, or any bill requiring the concurrence of two-thirds of the Senators is called for, the amendment or proposition of any kind shall not be received or passed, nor shall the proposition or amendment be received by the merits being short of the final question.

Value of Reconsideration.

50. On the day succeeding that on which a bill, resolution or proposition is passed, resolutions or amendments thereto may be taken, and may be reconsidered on the motion of any Senator, provided notice of intention to move such reconsideration shall have been given on the day on which such bill, resolution or proposition was passed by a Senator voting with the prevailing side. And it shall not be lawful to reconsider on the day on which such final vote was taken. Said motion to reconsider shall have precedence over every other motion, except a motion to adjourn, and it shall require twenty-one votes to carry any motion to reconsider the vote by which any bill, amendment or final resolution has been passed or defeated, and forty-two votes to carry any motion to reconsider the vote by which any constitutional amendment has been passed or defeated. No motion to reconsider shall be in order on the day preceding the last day of the session. There shall be but one reconsideration, even though the action of the Senate after reconsideration is the negative of the action of the Senate before reconsideration.

Reconsideration of Bills Shall be Assembly.

51. When a bill, resolution, proposition or motion is passed and which a vote has been taken, shall have gone out of the possession of the Senate and may be reintroduced to the Assembly, a motion to reconsider shall be allowed by a motion to request the Assembly to re-pass the same, which has passed motion shall be acted upon immediately and without debate, and if determined in the negative shall be a final disposition of the motion to reconsider.

Secretary, Upon Motion of Reconsideration, not to Remove Bill to Assembly.

52. If a Senator gives notice that he intends to give reconsideration, the Secretary shall not report the bill, proposition or motion, or any amendment or proposition to the Assembly till the reconsideration is decided, or, in the time for giving the same has expired, unless the bill or resolution has been transmitted to the Assembly.

Motion to Reconsider May be Debatable.

53. A Senator after a motion to reconsider is given as provided by Rule 50, may, or the reconsideration thereof, present the main question in his argument thereon, and the same may be debated by the Senate, provided that the subject matter is debatable.

AMENDMENT OF ORIGINAL QUESTION.

54. Amendments to original question.

1. An amendment may be laid on the table without prejudice to the bill. When an amendment proposed to any pending measure shall be laid on the table, it shall not carry with it or prejudice such measure.

2. If the question in debate contains several propositions, any Senator may have the same divided; except a motion to strike out and insert shall not be divided. But the rejection of a motion to strike out and insert one proposition shall not prevent a motion to strike out and insert additional propositions, nor shall it prevent a motion to simply strike out, nor shall the rejection of a motion to strike out prevent a motion to strike out and insert, nor pending a motion to strike out and insert, the part to be stricken out and the part to be inserted shall each be regarded, for the purpose of amendment, as a question. And motions to amend the part to be stricken out shall have precedence.

Final Question on Second Reading of Bills. No Amendment in Third Reading, but May Commit.

55. The final question on the second reading of every bill originating in the Senate, and requiring three readings previous to being passed, shall be: "Shall the

bill be engrossed?" And no amendment shall be received for discussion at the third reading of any bill: but it shall at all times be in order, before the final passage of such bill, to move its commitment under special instructions to amend.

Special Orders.

56. Any subject may, by vote of two thirds of the Senators present, be made a special order, and when the time fixed for its consideration arrives, the presiding officer shall lay it before the Senate.

Form of Previous Question—Call of Senate.

57. The previous question shall be put in the following form: "Shall the question be now put?" It shall only be admitted when demanded by a majority of the Senators present upon division; and its effect shall be to put an end to all debate except that the author of the bill or the amendment shall have the right to close, and the subject under discussion shall thereupon be immediately put to a vote. On a motion for the previous question prior to a vote being taken by the Senate, a call of the Senate shall be in order.

Ayes and Noes: Members Must Pledge. No Vote After Announcement of Vote.

58. When the ayes and noes shall be called for by three members present, every member within the bar of the Senate at the time the question was put shall declare openly, and without debate, assent, or dissent to the question. In taking the ayes and noes, and upon the call of the Senate, the names of the Senators shall be taken alphabetically. When the ayes and noes shall be taken upon any question in pursuance of this rule, no Senator shall be permitted, under any circumstances whatever, to vote after the announcement of the vote by the presiding officer.

Rules in Senate and Committee of the Whole.

59. The Rules of the Senate shall be observed in Committee of the Whole, so far as may be applicable, except limiting the number of times a Senator may speak, and except that the ayes and noes shall not be taken.

Suspending and Changing Rules.

60. No standing rules or order of the Senate shall be suspended or changed without a vote of two thirds of the members present, and one day's notice being given of the motion therefor; but a rule or order may be suspended temporarily by a vote of two thirds of the Senators present, except that portion of Rule 29 relating to the final passage of bills by the Assembly. All proposed amendments to these rules shall be referred to the Committee on Rules, without debate.

Executive Session.

61. On a motion, made and seconded, to close the doors of the Senate on the discussion of any business which may, in the opinion of the Senate, require an executive session, the President shall require all persons, except the Senators, President of the Senate, Secretary, Sergeant-at-Arms, and Doorkeeper to withdraw, and during the discussion of said motion the doors shall remain closed; and every member and officer of the Senate shall keep secret all such matters, proceedings, and things whereof secrecy shall be enjoined by order of the Senate.

Messengers, When Introduced.

62. Messengers may be introduced at any stage of business, except while a question is being put, while the ayes and noes are being called, while the ballots are being counted, or while a Senator is addressing the Senate.

Smoking.

63. No smoking shall be allowed within the Senate Chamber.

Cases not Provided for, Cushing to Govern.

64. In all cases not provided for by these rules, the Senate shall be governed by the laws and practices as laid down in Cushing's Law and Practice of Legislative Assemblies.

If no person receives such majority on the first day, the Joint Assembly shall meet at twelve o'clock M. of each succeeding day during the session of the Legislature, and shall take at least one vote until a Senator is elected.

STATEMENT BY SENATOR SHANAHAN.

Senator Shanahan addressed the Senate, and asked for, and was granted, unanimous consent to have his address printed in the Journal.

MR. PRESIDENT, I shall not act as the United States Senator in favor of John D. Works for the following reasons:

1. He received all of the Democratic votes and no United States Senator in his senatorial district at the primary election held on August 10, 1910.

2. He received the highest vote and the Democratic United States Senator in each of a large plurality of legislative districts at the said primary election.

3. He received a plurality at the said primary election of all the Democratic votes cast for that office.

4. He received a plurality of all the votes and the majority of all primary votes at the said primary election for that office.

For the reasons above given, numbered 1 and 2, under the law and fact I am directed to vote for John D. Works. Under the present proposed law 3 and 4 I am held to vote for him on the same principle that I have always acted for and understood for and that the Democratic party of the State should for that I must have vote should determine the winner of the United States Senator.

The priority of the Democratic vote and of the principle does not alter the law or the fact, or the principle involved. Under the law and fact and principle involved I shall record my vote for John D. Works for United States Senator and my recognition of the Senate that this explanation be printed in the Journal of their proceedings.

T. W. H. SHANAHAN.

Dated January 10, 1911.

STATEMENT BY SENATOR CAMINETTI

Senator Caminetti addressed the Senate and asked for and was granted unanimous consent to have his address printed in the Journal.

MR. PRESIDENT, Connected to the question that United States Senators should be elected by direct vote of the people and not governed by the parties I have during the last campaign, I took to heart based on this subject in Illinois the following state-wide vote cast at the recent election, wherein Hon. John D. Works received a plurality of the votes only used for that office. My position and your sign on this question was determined by what I considered the needs of the people and not by the wishes of a State vote. Under other conditions and other circumstances I would in this time cheerfully favor Hon. John D. Works as I have been very much only as a progressive Democrat, but also as a progressive American, committed to principles and actions which guarantee people's rule and protect people's rights in State and Nation.

Dated.

A. CAMINETTI.

STATEMENT BY SENATOR BURNETT

Senator Burnett addressed the Senate and asked for and was granted unanimous consent to have his address printed in the Journal.

MR. PRESIDENT, I made the original motion in the Senate to amend that the vote on United States Senator be advisory by district.

Nineteen men in the Senate at 1909 were such proponents for the advisory by district provision, as any one of them voting on the other side would have made the provision state-wide.

The provision of the Act that the vote is advisory by district operates in such a manner that those who believe they are bound by it under the law are helpless, while any man who may disregard the primary law is free to vote for whom he pleases.

This places the law-abiding man at the mercy of the man who disregards the law, having the same effect as the provision in the old party primary law, that the voter who would swear it was his personal intention to vote for a ticket at the following election would swing from side to side, while the man who regarded his oath would not do so.

A member of the Legislature is advised under the law to vote either for the candidate for United States Senator of his own political faith who carries his district or for the candidate of his own political faith who carries the greatest number of districts electing members of the Legislature of his own political faith.

This results in the following condition: That whenever legislators are asked to vote for a certain candidate do not follow the advice of their constituents they have those who believe they are bound under the law at the greatest disadvantage.

Members of an opposing political faith who have no candidate (such as the Democratic party in this instance) are left as free voters to determine the successful candidate of another party (in this instance the Republican), and together with such members as may disregard the advisory vote for United States Senator may easily defeat the candidate carrying the largest number of advised districts.

Again, Democrats may be elected who have pledged themselves to a certain Republican candidate where their party has no candidate at the primaries, and this again defeats this Act. This may, in a special instance, work for good, but it may just as readily work for evil.

After lying awake many hours considering this matter last night, I came to the final conclusion that no member of the Legislature is justified by any act of his, whether in the form of a law or otherwise, to so delegate the powers conferred upon

him by the Constitution of the United States that the present condition of affairs may exist, and that he is not bound under any such law even if he was largely instrumental in passing it.

I desire, and have always desired, to cast my vote to the best of my ability in the interest of the general welfare of the State. I believe the present law as affecting election of United States Senators to be an error.

It is not contemplated under the Constitution of the United States that the power of the legislators of the various states to elect United States Senators shall be delegated to various groups of electors in political parties, but rather that the legislators shall vote as independent men solely guided by the best interest of the State.

However, we know that this is not always the attitude of members of the Legislature. I am of the opinion that the present law is a failure.

I believe that no delegation of power of electing or suggesting the election of a United States Senator should be delegated to any combination of people other than the advisory vote of the whole State, naming the successful party candidates against each other, or else by advisory or directory vote under the Oregon plan. Only in this method can stability be assured.

I am forced to this conclusion, against my will, by the working of our present law. We are, in this instance, but little, if any, better situated than we were under the old law.

The same pulling and hauling goes on here with the same results as under the old regime.

I feel that I am at liberty to exercise my free choice, and shall vote for John D. Works for United States Senator.

The Hon. John D. Works, United States Senator-elect from the State of California, addressed the Joint Assembly as follows: and the address was, on motion of Senator Carter, ordered printed in the Journal of the Joint Assembly:

ADDRESS OF THE HON. JOHN D. WORKS, UNITED STATES SENATOR-ELECT FROM THE STATE OF CALIFORNIA.

Members of the Legislature of the State of California:

I thank you sincerely for the honor you have done me in electing me United States Senator. I am glad to be able to say to you and to the people of California, that I accept the office absolutely free and independent. Free to do my duty as I see my duty, independent of any domination, control, or influence by any man, corporation, or private interest of any kind.

In a broader sense, I am not independent. I hope I appreciate the grave responsibilities you have imposed upon me by electing me to this great office. In

meeting those residents here, I used the long stream and memory of an old woman who bore the name of the Sash and called it Sash. I have lived in the southern part of the Sash for many years and I know the condition and needs fairly well. But the north is entitled to its share of the benefit, as Sash is north and as fairly as in the south and I also wanted to inform myself of its needs, so that I may be better able to share Sash with the inhabitants of Egypt.

I have just little to say in answer to those to the President's address of the body, who have given me their usual "I am a poor old man" and "I am a poor old man" at the times, an evidence of the fact that good men in office are no longer paid to put themselves in any way to support the cause of the poor man, the true medium that is wanted at the time.

I am most eager to the United States to join the Republican party, intent to serve the African people of the South and nation.

I believe its political parties had not been accustomed to supply any of the will of the people. What a party wishes to do is to get the support of business & interest of the police, wealthy and a change in our law institutions.

This is not the time or place to discuss political theories, and I am not going to detain you for any such purpose. But there are some certain fundamental principles of government, governing these things, which are common and should be the property of every citizen of this country. I desire, in this position, to declare my intention to those attending and my determination to insist, as a public official, to establish and maintain them. They were birthed in the State platforms of both the leading parties at California's Foundation, but are the property in their nature. Among them may be mentioned the system of United States Senators by direct vote of the people; the maintenance of a general education, the elimination of boss rule, the right to influence from our public, and the removal of all property-grabbing incomes from public duty; and the maintenance of our government, State and national, in the hands of a government controlled by the citizens, kept in the best of conditions in production, life and abroad, and the establishment of a national industrial conference to **adjust such rates**; the establishment and maintenance of a government-owned or controlled line of steamers connecting the Pacific ports with the Eastern Seaboard, and a government-owned or controlled line of steamers between the Pacific and Atlantic ports, through the Panama Canal, thus insuring direct dependence, including the anti-trust, referendum, and recall, and the granting of the vote to suffrage to women. But to summarize these notions and interests are to summarize as a government of the people, we must mention the *freedom and independence* of the individual voter and make his vote as good as any other vote, while any and every man that owes a knowledge allegiance to the Southern Pacific Railroad Company or any other corporation or private interests, interests to the interests of the State or nation.

One of the greatest and most important duties in this country is the duty of the corporations, the trusts, the private business, the labor unions and family offices, seeking special privileges, and obtaining and holding them by every possible means. The Government of this State has declared its intention of meeting and all these interests and influences from the other side of the State. He means in the end what he says he will do. In this position and position, perhaps he should have the earnest support of every good citizen of the State, without regard to his political affiliations or beliefs.

Practically the same thing should be done with respect to the Federal officers in this State. They are interested and occupied in the affairs of the country. They come and go at the beck and call of their masters, without regard to the interests of the people.

For one, it is my purpose to aid Governor Johnson in his efforts to reform this great State of ours from corrupt practices and to make merit and competence the basis of appointments to office, and I will do everything in my power to establish this same standard that has been passed in the writing of Federal constitutions and to root out of the public service men who have assumed their places as a reward for helping to degrade and pollute the politics of the State.

I am a progressive Republican. I believe in the principles that the insurgents in Congress are struggling to maintain in the interests of the people. It is my purpose to stand for progressive measures in legislation, no matter what may be its origin, and without partisan bias. The people are crying out for justice and not for partisanship, for the establishment of the rights of the people and not for the preservation or perpetuation of political parties. The party that does not respond to this cry, will be swept out of existence. I shall ever strive to my duties as your Senator, with a full understanding of this sentiment of the people of this State, and the nation, and act accordingly.

SPECIAL MESSAGE FROM THE GOVERNOR.

The following special message from the Governor was received:

EXECUTIVE OFFICE, STATE OF CALIFORNIA,
SACRAMENTO, January 13, 1911.

To the Honorable Legislature of the State of California:

There has been presented to you to-day a bill, the design of which is to accord the Railroad Commission of the State of California the amplest power to act intelligently and justly and with firmness and precision in matters arising between the people on the one hand and the railroads of the State upon the other. The bill has been prepared after great deliberation and study, and comes to you with the sanction of those who are most familiar with the subject embraced within it. It is presented now in pursuance of the policy that has been announced by the various parties within the State of California and in pursuance of the policy that was outlined at the commencement of this administration. I am sure that I need not ask that it receive from you the closest scrutiny, and that it be taken up at the earliest moment consistent with your labors and compatible with a clear understanding of its provisions.

That the necessity for action exists in the matter of freight railroads from within the State of California is demonstrated by the Santa Fe, Northern, and Great West, three of the five independent lines operating the only regular interstate commerce with which the people of this State have been connected. I quote to you some of the facts that I am informed are now being learned and known. No other transportation line, the more objection of those against its necessity is based on any economic grounds to afford the people of the State of California adequate relief from the extortion of transportation extortions.

The distance from River Station in the city of Los Angeles to San Pedro Station in San Pedro is twenty-three miles. The freight rates average on the San Pedro line for this distance about \$2.00 a ton. Merchandise that has been hauled from San Pedro to Los Angeles a hundred goods, or from Los Angeles to San Pedro, are identical with the rates charged between San Diego and Los Angeles, a distance of 120 miles. The rates charged from Los Angeles to San Pedro are practically eight of nine times higher than the rates charged on all interstate commerce in the United States. The cost of this is in part Los Angeles, instead of transportation, miles from deep water, consequently, more than one hundred and twenty miles from deep water, and that, at the cost of Los Angeles from the river, within the seventy limits. The rate, I am informed, on goods from San Pedro to Los Angeles is \$2.00 a ton, from Honolulu to San Pedro \$1.15 per ton. The Southern Railway, Los Angeles looks for much of the traffic in the State in the next transportation, and gives that it uses. The freight rates from the cities in Los Angeles are heavily and in proportion to those charged for like distances in other parts of the country.

From San Francisco to Fresno is approximately 200 miles, some considerable inland country. The first class rate, which covers some three and a half carloads of first class goods like apples, is 55 cents per hundred. The fourth class rate, which covers on cotton goods, sugar, and other staples, is 34 cents per ton, which is one hundred and 34 cents for one hundred goods in one load rate. The rate on Bakersfield fruit from San Francisco is 83 cents per hundred, and in the fourth class, including sugar, animal goods, and other similar staples, shipped in car load quantities, the rate is 56 cents per hundred. Rail road from San Francisco to Fresno is New York is only 58 cents per hundred pounds for car load shipments, or fourth class, as compared with the charge of 52 cents for car loads fourth class for a haul of 200 miles from San Francisco to Fresno. Goods of the same class can be shipped to New York via steamship, including all charges at the Island of Panama, for 40 cents per hundred pounds, and then in two cents per hundred pounds less than the ground rate and rate on similar goods of goods for a haul of 200 miles from San Francisco to Fresno, and in the alternative to New York via steamship there are some two and a half times at the Island, but it has over the Panama railway of approximately 50 miles.

I quote to you now some of the rates in this State as compared with the conditions in other parts of the United States. These conditions have been very kindly furnished me by Mr. William R. Wheeler of San Francisco, and the comparisons are made of localities where the conditions are as nearly as possible similar, with those existing in California. In this connection, it may be observed that the ownership of railroads in the two great valleys of this State is as nearly ideal as it would be possible to find anywhere in the world. The owners are practically local, conditions are advantageous, and the fuel supply is abundant and best of kind.

STOCKTON TO FRESNO

From Stockton to Fresno the short line distance is 122 miles, and the average rate per ton per mile is 5.11 cents. The rate on the Union Pacific Railroad, Omaha to Havens, Neb., 115 miles, averages 3.92 cents, and by the same road, Kansas City to Junction City, Kans., 139 miles, 3.72 cents. The rates established as maximum by the Railroad and Warehouse Commission of Missouri for 120 miles, average for the ten classes 2.83 cents per ton per mile, those established by the Railroad and Warehouse Commission of Illinois average 2.65 cents, and those established by the Railroad Commission of Iowa average 2.13 for the same distance.

STOCKTON TO GOSHEN

RESOLUTIONS.

The following resolution was offered:

By Senator Wright.

WHEREAS, Under date of January 13, 1911, Governor Henry W. Johnson sent a
 special message to the Senate, relating to railroad rates and railroad legislation, which
 message is printed in the Journal of January 13th, in which a certain item appears
 that there is gross and unjust discrimination in the rates of railroad transportation
 in interstate shipments, and that such rates are highly discriminatory and unjust, and
 tend to discriminate in favor of shippers located at certain points and against shippers
 at other points; and

WHEREAS, At the last session of the Legislature an Act "Providing for the organiza-
 tion of the Railroad Commission of the State of California, defining its powers
 and duties," was approved March 10, 1909, was enacted, in which among other things
 it is provided that any person, firm, corporation or association, or any individual,
 agricultural or manufacturing association, or any body politic or municipal corporation,
 comprising or anything doing or to be done by any transportation com-
 pany, subject to the provisions of this Act in furtherance of the principles herein-
 in of the Constitution of this State, may present to said commission by petition, which
 shall set forth the facts, and whenever it shall appear to the commission to
 be any reasonable grounds for investigating such complaint, it shall cause a copy of
 the same to be served on the transportation company concerned, and call upon said com-
 pany to answer the same at the time and place specified in said call by said com-
 mission. The commission shall investigate the matters mentioned in order upon
 reasonable rules and grounds of procedure as it shall deem proper. No person shall
 at any time be dismissed because of the absence of direct damage to the complainant, and

WHEREAS, It is further provided in said Act that said Board of Railroad Com-
 missioners shall have the power, and it shall be their duty, to establish rates or
 charges for transportation by transportation companies subject to the provisions of
 this Act; and

WHEREAS, It is further provided that the Railroad Commission is authorized, and
 it shall be its duty, whenever, after full hearing upon the complaint made, if it deems
 any rates or charges demanded, charged, or collected by any transportation company
 or companies are unjust or unreasonable, or unjustly discriminatory, or unduly

preferential, or prejudicial, or otherwise, in violation of, or contrary to any of the provisions of said Act, to determine and prescribe what will be a reasonable rate or rates, charge or charges to be thereafter observed in such case as the maximum to be charged, and thereupon to make an order that the transportation company shall cease and desist from such violation, and shall demand and collect no rate in excess of the maximum rate fixed by said commission; and

WHEREAS, Said Act further provides that after such hearing of any complaint so filed the commission shall file in writing its findings of fact, conclusions, and any award made after such hearing; and

WHEREAS, It prima facie appears from the special message delivered to this Senate by the Governor of the State of California that rates highly discriminatory are now being charged and collected by transportation companies on intrastate business, and that the existence of said discriminatory charges either demonstrates the ineffectuality of the law, or dereliction of the Railroad Commission; now, therefore, be it

Resolved by the Senate of the State of California, That the Committee on Corporations be and it is hereby instructed to forthwith investigate the subject-matter of said special message of Governor Johnson in so far as it may be able, the cause of the prevalence of discriminatory rates complained of and set forth in the Governor's special message, and to ascertain, determine, and report to this Senate as follows:

A. If any complaint or complaints have been filed by any person, firm, corporation, association, body politic, or municipal corporation, of any of the alleged discriminatory rates or charges of transportation set forth in the special message of Governor Hiram W. Johnson, which message was transmitted to the Senate under date of January 13, 1911.

B. If any such complaint or complaints have been filed with the Railroad Commission of this State, then such committee is hereby directed to ascertain if hearings thereon were held under and by virtue of the Act entitled "An Act providing for the organization of a Railroad Commission, defining its duties and powers," etc., approved March 19, 1909.

C. If hearings were had upon any such complaint or complaints, said Committee on Corporations is further directed to call upon the Railroad Commission to file with said committee for its use, and for the use of the members of the Legislature, any findings of fact, conclusions, and awards made in pursuance to Section 21 of said Railroad Commission Act, approved March 19, 1909.

D. Said Committee on Corporations is further directed in its report to this Senate of any such investigation as herein contemplated, to include answers to the following questions:

1. Have complaints been made to the Railroad Commission of any of the alleged discriminatory rates mentioned and set forth in the Governor's special message of January 13th?

2. Has the Railroad Commission of the State of California in any instance failed to hear such complaint, and if any hearing has been held as provided in said Act, has said Commission filed its findings of fact, its conclusions and awards as directed to do under said Act?

3. Has said Railroad Commission of the State of California in any instance in which unjust or discriminatory rates have been charged in any complaint or complaints filed, failed to make a finding in which such rates are declared to be just or unjust, discriminatory or undiscriminatory, and if the rates complained of were found to be unjust and discriminatory, has said Commission failed to fix a maximum rate which would be just, fair, and reasonable?

4. If said committee should find that unjust and discriminatory rates prevail in the charges of transportation on rates for intrastate business, thereby working a hardship to either places or persons, why said rates have not been adjusted, and fair and reasonable rates have not been established by said Commission?

5. Whether the fault for any existing discriminatory intrastate rates is to be found in the dereliction of the members of the Railroad Commission, or in the inefficiency of the railroad law?

MOTION.

Senator Wright moved that the resolution be printed in the Journal, and referred to the Committee on Corporations.

Motion carried.

To the Senate of the State of California:

GENTLEMEN: Your special committee appointed by the President of the Senate at the last session thereof, under the terms of a resolution adopted by the Senate of the State of California on the 16th day of February, 1909, which committee was charged with the duty of investigating the question of the high cost of living in this State, beg leave to report as follows:

At the time of the adoption of the resolution appointing this committee for the purposes named, the action of the Senate was criticized by a portion of the press of this state and of this country as being ridiculous, unwarranted, and calculated to bring no beneficial results to the people. It was said that the law of supply and demand alone regulated the prices of foodstuffs, with due consideration to the cost of production, and that all that would come of the investigation would be the expenditure of the State's money without the state securing its *quid pro quo*.

Within a few months, however, of the action taken by the Senate of this State, a similar action was taken by the legislature of many states in this Nation and also by the Congress of the United States, which is now a matter of history, and your committee believes that it can be safely said, as a result of its investigations and labors, that it has been conclusively proven that other things besides the law of supply and demand have entered into making up the cost of living at least as far as foodstuffs are concerned, to our people in this nation. As the Senate is aware, the chairman of this committee, who is also the author of the resolution creating the committee, had particularly in mind at the time of its introduction the exremely high prices of fish, which is necessarily food consumed largely by the poorer classes of our people. It seemed strange that in a city like San Francisco, which has at its doors one of the largest bodies of water, and so close to the ocean, that the price of fish should be almost as high, if not as high, as the price of meat. And therefore your committee directed its first and strongest efforts along these lines. Private detectives were employed, and members of your committee did considerable individual work along this line. Quiet trips were made by members of your committee to the southern portion of San Francisco to the glue works there located, and other places, with a result that was astounding. Perfectly fresh fish were found dumped at the glue works for use in the making of glue. Large quantities of it were daily taken out there and thus destroyed, removing it from the market and enabling those in control thereof to maintain the high prices then prevailing. People were found to whom men in charge of the glue works had given fish which had been dumped there, which fish were perfectly fresh and edible, and were consumed at the tables of the recipients thereof. The trails of the wagons carrying these fresh fish were followed and check kept upon them, and eventually those responsible for their shipment to the glue works were discovered. Our detectives were then instructed to procure evidence of a combination, which we had reason to believe existed in violation of the laws of this state to maintain a uniformly high price for fish, with a result that was startling, and on the second day of March, 1910, your committee issued subpoenas for about sixty people connected with the fish business, and held its first public meeting on that day in the Board room of the Harbor Commissioners of the city and county of San Francisco, with the Attorney General of the State, Hon. U. S. Webb present. Your committee sat for about two weeks taking testimony, the result of which is known to all the people of this state at the present time. It was discovered that two concerns,

A Paladini and the Western Fish Company, controlled all of the deep water fish, such as sanddabs, soles and rock cod, which is the fish principally consumed by the masses of the people. We found that these two concerns fixed the prices at which the kinds of fish referred to were sold to the retailer, and the retailer in turn fixed the price at which the fish should be sold to the public. We found, further, that the catch of these fish, that is, the quantity of them which the steamboats should bring in, was limited by order of these two companies; and we found, further, that it was from these companies that large quantities of fish were shipped to the glue works for destruction rather than permit them to go on the market. It was shown from the evidence that when an independent company was formed for the purpose of deep water fishing, that a boycott was levied on the dealers in San Francisco and Oakland, so that any of the retail fish men who bought from the independent company were unable to purchase from either Paladini or the Western Fish Company, or any other wholesale fish company, and that in this manner it was possible to regulate the price of fish.

It is only fair to say that while the wholesale fish companies fixed the price to the retail fish dealer, that the price at which the retail fish dealer sold fish to the public was outrageously high as compared with the price which they paid for it. It was also found that there were other wholesale fish dealers in the combine with Paladini and the Western Fish Company, and that the prices fixed by the two last named companies were the prices fixed by all the other wholesalers.

So complete was the control of this trust that retailers were afraid to testify, and under oath stated to the committee their fear that they might be driven out of business, and it was only when your committee and the Attorney General of this State guaranteed to these men all the protection of the laws of this State, that their testimony was freely given. In one case the proprietor of a leading cafe in San Francisco sent for the chairman of this committee and informed him that notice had been served on him by an agent of the trust that if they bought certain classes of sea food from an independent concern not connected with the trust it would be impossible to deliver fish to him, and the manager of this cafe promised to appear before the committee the next morning and testify to these facts. When he did testify, he denied that he had made such a statement to the chairman of your committee, and did not remember that he had said anything of the kind, or that anything of that kind had occurred, but after persistent effort and the taking of over six hundred pages of testimony, your committee was enabled to gather sufficient evidence to prove the existence of a combination in restraint of trade and in violation of the anti-trust law of the State of California. One or two of the witnesses produced refused to testify before the committee, and it had been the original intention of the committee to call this to the attention of the Senate so that these recalcitrant witnesses might be brought before the bar of the Senate and be punished for contempt thereof, but subsequent events have made this unnecessary. The Attorney General of the State, General Webb, sat with our committee and took a prominent part in the examination of the witnesses that were called, and when the mass of evidence taken was written up, it was turned over to the Attorney General and to the District Attorney of the city and county of San Francisco, who had also been invited to sit with our committee, and by the District Attorney turned over to the grand jury of the city and county of San Francisco. The indictments that followed are a matter of history. And while it is true that under the provisions of Section 304 of the Political Code, which at the time of this investigation neither your committee nor the Attorney General nor the District Attorney had in mind, it was held to be impossible to proceed to mete out the punishment so highly merited by these violators of the law, yet fines were imposed upon many of them and the law was thus partially vindicated, although your committee respectfully suggests that if the trust continued after the date of the testimony given before this committee, it might be possible still to proceed against the trust for violations of the law after the period of their testimony.

But these things are certain, that as a result of this investigation the combination is broken up; that there is now open competition for business; that the prices of fish are lowered, and that for the first time in the history of the city and county of San Francisco men like Paladini are advertising the price at which fish can be purchased from their markets by any person, dealer or consumer.

And further than this, the Italian fishermen who go out in the fishing smacks, braving the elements, and who heretofore sold all their fish through an agent named Strolezi, which agent was, by the way, also on the pay roll of A. Paladini and the Western Fish Company, are now selling their fish to any person who comes along, whether dealer or consumer, the same as they did in the days before the formation of the trust, so that to-day the housewife can go down to these markets and for twenty-five or thirty-five cents buy sufficient fish for at least one meal for a large family, which a few months ago was impossible.

It developed during the taking of this testimony that there was a scarcity in our waters of some species of fish, and it was charged that the shrimp fishermen were responsible for this scarcity by reason of the fact that the mesh of the nets that they used was so small as to make it impossible for young fish to escape therefrom when the Chinese were fishing for shrimps. Your committee, therefore, determined to

investigate this for themselves, and proposed the use of a launch and canoe, to a point on the Marin shore of the bay of San Francisco where the fishing boats, which fishers hold forth, and your committee were with them, both were from and from of young fish thrown on the beach from the nets of the sailing fishery, which committee was immediately reported to the State Fish and Game Commission. So that as a result of our investigations of the fish commission your committee has nothing more to mend as follows:

First—That there be a closed season for at least two months for shrimps in the waters of this State in order that food will not be scarce and the fish again plentiful.

Second—That the Harbor Commissioners be directed to license fish markets for the sale of fish caught in the waters of our State.

Third—That Section 304 of the Political Code be repealed.

It had been the purpose of your committee to recommend the amendment of it, if it had been impossible to break up the combination at length, to recommend that the State itself should go into the business of marketing and distributing food on free markets owned by the State, at least to the extent of the market in butter, as it is so infamous that words can not be found to express it, that a food supply cannot be the Almighty in the waters of our State for the use of the whole people. The meat which was all the more necessary to the people because of the high price of meat, should be so controlled and saved that our own citizens would not have to suffer. But present conditions appear to make this necessary. But it might be well to suggest in this connection that whenever we find out that the State has resumed its unlawful business, the Harbor Commissioners be directed to refuse accommodations on the property owned by the State for the transaction of an unlawful business.

BUTTER AND EGGS.

Frequent complaints were made to this committee about the high price of butter and eggs, and your committee adopted the same course that it pursued in the first case. It employed private detectives to gather evidence of a combination in the case. Your committee went personally in Philadelphia and Santa Rosa and made a thorough investigation. Your committee also visited the leading cold storage plants in the search for evidence, but we cannot see that it was the duty of your committee to gather testimony that would show the existence of an unlawful combination in connection with butter and eggs. We found that there are exchanges in San Francisco and Petaluma that handle the bulk of these commodities, and that when the price is fixed daily by these exchanges, we can not prove that this action is unlawful.

During our visit to the cold storage plants we found that thousands of butter and eggs in cold storage, in some instances putting into the refrigerator at thousands of dozens of eggs and like quantities of pounds of butter. These engaged in winter farming and in the manufacture of butter say that it is absolutely necessary to place these food supplies in cold storage at certain seasons of the year, that if this were not permitted it would compel many dairymen and butter factories to go out of business. While butter and eggs are plentiful during the spring, the surplus is largely in excess of the demand and they obtain it only by being able to put their surplus in cold storage that they can continue in business.

It is a debatable question whether this be true or not, for notwithstanding the fact that there is no limit to the time that foodstuffs may be kept in cold storage, the price of butter and eggs in the winter is as high today as higher, in the summer than it was before the days of cold storage plants. In fact, your committee strongly suspects that in many cases cold storage butter and eggs are sold as fresh butter and eggs and prices obtained accordingly, and we are of the opinion that some consideration should be given by the Legislature at this session to the question of the wisdom of fixing a time limit, say of sixty or ninety days, after which any foodstuffs that may have been in cold storage should be considered unfit for public consumption.

FINANCIAL.

The Senate appropriated the sum of \$5,000.00 from its Contingent Fund for the use of this committee. Of this amount the following has been used, namely, the sum of \$2090.70, which we expended as follows:

\$2,090 70

Your committee begs leave to call to the attention of the Senate the fact that

many complaints have come to the members thereof concerning false weights and measures of foodstuffs purchased by housewives, and to recommend the adoption of remedial legislation to check this injustice.

Your committee is pleased to be able to report that, notwithstanding months of work on their part, not one cent of the moneys set aside from the Contingent Fund of the Senate was used for anything personal to the committee, but that every dollar has been judiciously expended to promote the work in which your committee was engaged, and that there is a balance of of \$2,909.30 left unexpended in the Contingent Fund of the Senate.

The testimony taken on the hearing of the fish trust investigation accompanies this report.

Respectfully submitted.

It shall then deliver the assessment roll to the auditor and ex officio assessor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll. The corrected list for each tax shall be the assessment roll of said tax for said year, and it shall be certified by the auditor and ex officio assessor as being the assessment roll of said tax.

The tax levy authorized by the council, when collected, shall be placed in the general fund, which may be apportioned by the council, except as otherwise provided in this charter.

SEC. 119. The council shall, when requested by the board of education, levy annually, a tax not to exceed five cents on each one hundred dollars of the assessed value of all real and personal property within the city. This amount, when collected, shall be used in the building fund of the school department, and shall be used only for the purchase of land for educational purposes, or for the construction of permanent school buildings, or permanent additions thereto.

No land shall be purchased with any money raised by such tax except with the approval of the council, as provided for by section one hundred eighty-seven (187) of this charter, and no school building or addition thereto shall be constructed with any money raised by such tax except in the manner provided for by sections one hundred eighty-eight (188) and one hundred eighty-nine of this charter, and no money raised by such tax shall be placed in any fund of the school department, except upon these conditions. The council may, upon request of the board of education, levy a rate upon the taxable property of the city which will, with the money obtained from other sources for educational purposes, raise sufficient funds to adequately support the public schools of the city. The money collected for school purposes shall be immediately paid into the proper school fund of the city, to be drawn out only on the order of the board of education, and only for the purposes for which it was collected.

Cash Basis Fund.

SEC. 120. The council shall create and maintain a permanent revolving fund, to be known as the cash basis fund, for the purpose of putting the payment of the running expenses of the city on a cash basis. For this purpose the council shall provide that, from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than two and one half cents

The council shall have power to transfer from the said money fund to any other fund or funds such sum or sums as may be required for the payment of specific debt fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the council to provide that all money so transferred from the said money fund be returned thereto before the end of the fiscal year.

SEC. 121. All taxes assessed together with any interest due thereon the treasurer and the clerk of the city shall constitute liens in the property of the city. Every tax upon personal property shall be a lien upon the real property of the owner thereof. The liens provided for in these sections shall attach on the first Monday in March in each year, and may be enforced by action to sell any of the personal jurisdiction to foreclose such liens, or by a writ of the superior court for the execution and delivery of all necessary certificates and writs thereon, under any regulations as may be prescribed by ordinance. Provided that taxes and interest offered for sale for city taxes and thereon, the same shall be struck off and paid to the city, in like case and in like manner, and with the like effect, and with the right of redemption, as if they had been sold and paid to the State, which may be sold for state and county taxes, except that the redemption money may be delivered to the State Controller and the council shall have power to provide for the procedure to be followed in such sales to the city and redemption thereon.

Duties of the Auditor

SEC. 122. The auditor shall be an expert assessor. As auditor he shall perform all the duties prescribed by this chapter as to the assessing property in the city for the purposes of taxation. As auditor he shall keep a record of all demands allowed by law showing the date of payment, amount, and name of original holder, the number, on what account, and for what kind of property. He shall be required to be constantly acquainted with the exact condition of the treasury. He shall within one week after the close of every month, or period if required, report to the council the condition of such fund at the close of the month. He shall keep a complete set of books for the city in which shall be set forth in plain and businesslike manner every month transactions of the city, so that he can tell at any time the exact condition of the city's business. He shall also be required to report showing the sources from which the cities revenue was derived and how expended.

The auditor must prepare countersign and deliver from time to time to the treasury, and to every officer authorized in law to charge or collect any fine, commission, percentage, allowance or compensation for the performance of any public service or duty as many receipts as may be required, charging therewith the treasurer or other officials receiving them. He shall keep and sign all documents from the school department and the Oakland Free Library when allowed by the council and proper board, shall have stamped upon it on the day it is approved in such form and shall be signed by the president and secretary or one of each body and shall then be presented to the auditor, who shall satisfy himself whether the money is really due and remains unpaid and its payment authorized by law and not of want of fund. After such examination he shall approve or refuse the claim or warrant in part and indorse on such demand his approval or rejection, even his signature, together with the date thereof. If it is approved the fund out of which it is to be paid shall be designated. If it is not approved, unless the party presenting it is willing to take in full for the entire demand the sum offered, the auditor shall reject it and return it with his reasons for rejection, to the body which originally authorized it; then, if it is allowed by a four-fifths vote of the same body authorizing it, it shall be audited in the same manner as if it had not been rejected; provided, the body had the authority to make the expenditure out of which the claim arose.

No demand upon the city treasury shall be considered, presented for action, or acted upon, allowed or approved unless it specifies on its face every serial item composing it and the amount and date thereof. Every demand on any fund shall be numbered and acted upon by the auditor in the order of its presentation to him, and when allowed either in whole or in part, the warrant therefor shall be numbered and entitled to payment out of said fund in the same order as allowed. No demand upon the treasury shall be allowed by the auditor in favor of any officer or public person, or any firm, company or corporation, or his or its assigns, who is in any manner indebted to the city upon an obligation due the city, without first discharging them from the amount of such indebtedness. He shall on application of any person indebted to the city, holding money payable into the city treasury or desiring to pay money therein, certify to the treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall charge the treasury with the amount received.

It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned and forthwith notify the treasurer of such apportionment.

board as the case may be, shall return all the checks to the proper parties and may again invite sealed proposals as in the last instance.

The check accompanying the accepted bid shall be held by the city council until the contract for doing said work, as hereinafter provided, has been entered into and the bond accompanying the same, as hereinafter provided, is approved and filed, whereupon said certified check shall be returned to said bidder.

If said bidder fails or refuses to enter into the contract to do said work, as hereinafter provided, then the certified check accompanying his bid and the money therein mentioned, shall be forfeited to the city, and shall be collected and paid into the general fund. Neither the city council nor any board shall have the power to relieve from or remit such forfeiture.

Penalty for Collusion

SEC. 127. If at any time it shall be found that the person, firm or corporation to whom a contract has been awarded has, in procuring any bid or bids, conspired with any other party or parties, then the contract so awarded shall be null and void, and the contractor and his bondsmen shall be liable to the city for all loss or damage which the city may suffer thereby, and the contract so awarded as the case may be, may advertise for a new contract for said work.

Contracts—Roads.

SEC. 128. All contracts shall be signed in triplicate, one of which with the specifications, and drawing if any, of the work to be done or necessary to be furnished, or both as the case may be, shall be filed with the city clerk, one thereof with said specifications and drawing shall be kept in the office of the superintendent of the department under whose supervision the work is to be done, and a copy of the work is being done under the supervision of a board, one in the office of the majority of such board, and the other with said specifications and drawings shall be delivered to the contractor.

At the same time with the execution of the contract the contractor shall execute to the city and deliver to the auditor a bond in the form annexed to the notice for proposals with two or more sufficient sureties to be approved by the council, or board as the case may be, or shall deposit with the auditor a certified check upon some solvent bank for the said amount, for the faithful performance of the contract. No surety on any bond other than lawfully authorized surety companies shall be taken unless he shall be a payer of taxes on property not exempt from execution or subject to homestead claim, the assessed value of which said land and all encumbrances is equal in amount to his liabilities on all bonds on which he may be surety to the city and each surety shall certify and make an affidavit that which a form shall be printed upon said bond, signed by him, that he is assessed upon the last assessment roll of the city, in his own name, for property on or against greater than his liabilities on all bonds on which he is surety to the city, and that the taxes on such property so assessed are not delinquent.

The contract shall specify the time within which the work shall be commenced and when to be completed, as was specified in the notice inviting proposals therefor. The council, or the board as the case may be, may extend said time, but in no event shall the time for the performance of any contract be extended for more than ninety days beyond the time originally fixed for its completion, except by the unanimous vote of the council, or board as the case may be.

In case of failure on the part of the contractor to complete his contract within the time fixed in the contract or within such extension of said time as hereinafter provided for, the contract shall by that fact be terminated and the council, or board as the case may be, shall not thereafter pay or allow him any further compensation for any work done by him under said contract; and the council, or board as the case may be, may proceed to complete such contract either by releasing or otherwise and the contractor and his bondsmen shall be liable to the city for all loss or damage which it may suffer on account of his failure to complete his contract within such time.

Progressive Payments on Contracts.

SEC. 129. Any contract may provide for progressive payments, if in the ordinance authorizing or ordering the work permission is given for such a contract. But no progressive payments can be provided for or made at any time which with prior payments, if there have been such, shall exceed in amount at that time seventy-five per cent of the value of the labor done and the materials used up to that time, and no contract shall provide for or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the proper officer, department or board.

SEC. 130. In the erection, improvement and repair of all public buildings and works, in all streets and sewer work, and in all work in or about streams, bays or water fronts or in or about embankments or other works for protection against overflow or erosion, and in furnishing any supplies and materials for the same,

In case no bid is received the council may likewise provide for the work to be done by the department of public works for the supplies to be purchased in the open market.

Indorsement of Auditor Upon Contracts.

SEC. 131. No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessment upon the property benefited, shall be binding or of any force, unless the auditor shall indorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same. This provision shall not apply to work done, or supplies furnished, involving expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The auditor shall make such indorsement upon every such contract so presented to him, if there remains unapplied, and unexpended such amount so certified by the board or officer making the contract, and thereafter such sum shall be held and retained to pay the expense incurred until the contract shall be fully performed. The auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation for his department.

For this purpose the council shall advertise for five consecutive days, setting forth distinctly and specifically the work contemplated to be done, including the type and spacing to be used, and asking for sealed proposals therefor. The council shall let the contracts for such official advertising to the lowest responsible bidder publishing a daily newspaper in the city of Oakland which is a newspaper of general circulation, having a bona fide general circulation of at least five thousand (5000) copies, and which newspaper has been regularly published in said city for two successive years prior to the time of awarding the contract; *provided*, that the council may reject any or all bids if found excessive, and advertise for new bids.

The newspaper to which the award of such advertising is made shall be known and designated as the "official newspaper." Except when otherwise provided in this charter, or by general law, all official publications made by the city shall be made in the official newspaper only.

All election notices, or lists of candidates for office, department reports, ordinances, charters, or charter amendments, advertising, publicity affairs, or other publications required or authorized by this charter, by general law, or by any ordinance of the city to be made in any newspaper and all such publications for which the city of Oakland may be liable, shall be paid for by the city at such rates as shall not, in any event, exceed the ordinary and regular advertising rates charged other advertisers; and all printing of books, pamphlets, bills, letter-heads or other documents or printed matter required by the city shall be paid for at a price not exceeding the usual business rates therefor. No bill shall be paid by the city for such advertising or printing in excess of the said usual business rates.

Franchises to Use Streets

SEC. 139. Every franchise, permit or privilege for the purposes hereinafter enumerated in this section shall, except as otherwise provided in the constitution of the State of California, be granted by the council upon the conditions specified in this article, and not otherwise:

Nothing in this section shall be construed as applying to spur or side tracks provided for in subdivision fifty-five (55) of section fifty-one (51) of this charter.

Applications for Franchises

SEC. 140. (1) An applicant for a franchise, permit or privilege shall file with the council an application therefor, and thereupon the council shall, if it proposes to grant the same, advertise the fact of said application, together with a statement that it is proposed to grant the same, in the official newspaper of the city. The publication of such advertisement must run for ten consecutive days, Sundays and legal holidays excepted, and must be completed not less than fifteen and not more than thirty days before any further action can be taken on such application.

Conditions of Grant.

(2) The advertisement must state the character of the franchise, permit or privilege it is proposed to grant, and, if it be a street railroad, or a suburban or interurban railroad, the route to be traversed; that sealed bids therefor will be opened at a stated time and place, and that the franchise, permit or privilege will be awarded to the bidder offering to pay to the city during the life of the franchise, permit or privilege, the highest percentage of the gross annual receipts received from the use, operation or possession of the franchise, permit or privilege, provided, that such percentage be not less than two per cent of said gross annual receipts during the first five years, not less than four per cent during the next ten years and not less than five per cent during the last twenty years, provided, that if no franchise, permit, or privilege be a renewal of a right already in existence, the payment of the highest percentage of the gross receipts shall begin immediately on the taking effect of the new franchise, and provided further, that the council shall have the right to reject any and all bids.

(4.) Free Competition in Bidding.

(5.) No clause or condition of any kind shall be inserted in any advertisement of any franchise, permit or privilege offered for sale under the terms of this article which shall directly or indirectly restrict free and open competition in bidding therefor.

Bond.

(6.) The successful bidder for any franchise, permit or privilege awarded under this article shall file a bond running to the city to be approved by the council, in the penal sum prescribed by the council and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe and faithfully perform each and every term and condition of such franchise, permit or privilege, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and surety upon such bond.

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

On motion of Senator Wolfe, the following message from the Governor was taken up:

STATE OF CALIFORNIA, EXECUTIVE OFFICE,
SACRAMENTO, January 20, 1911.

To the Legislature of the State of California:

I call to your attention, so that you may apply the proper remedy for correction, the expedient by which, just prior to the commencement of your labors and mine, the public service of the State was appropriated.

December 1, 1910, the Superintendent of Banks of the State, upon a resignation which, apparently from the incomplete records, had been presented July 1, 1910, was reappointed, not for the remainder of his term, but for the "term prescribed by law," presumably four years from December 1, 1910.

The Commissioner of the Bureau of Labor, whose term after four years' service would have expired July 1, 1911, resigned on January 2, 1911, and thereupon a new Commissioner was appointed by the Governor for a period of four years from January 2, 1911.

The terms of the two Building and Loan Commissioners who had served for a period of four years, would have expired January 7, 1911. On January 2, 1911, the two Commissioners, Al Lindley and Jacob Transue, resigned. Thereupon, in the place of Mr. Lindley, resigned, Mr. Transue was appointed for four years from January 2, 1911, and Mr. Curry was appointed in the place of Mr. Transue for four years from January 2, 1911.

By this simple short cut, these four important offices were appropriated in the last hours of my predecessor.

This sort of practice I believe to be detrimental to the public service, and beyond that, I believe it is beneath the dignity of the office of Governor to permit that office to be used for such purposes in the closing hours of the term of any incumbent.

I ask you, therefore, for such an Act as will prevent, in the future, any such appropriation of the public service, and as will render it impossible for any Governor hereafter, by the simple expedient of having his appointees resign, to continue those appointees in office during the term of his successor.

I am told that in former administrations, appointments have been made in the last hours of the incumbent Governor, but in every instance these appointments were made where vacancies existed or terms had expired. The method recently adopted, of resignations, and thus lengthening terms, has just been employed for the first time.

It is my wish that such Act as you provide shall be operative upon the present incumbent of the office of Governor, and inasmuch as the inhibition will first be operative upon the present Governor, it ought to be apparent that our design is one solely for the benefit of the public service.

Respectfully submitted.

HIRAM W. JOHNSON, Governor.

Message read, and ordered printed in the Journal.

That Section 5, Article I be amended so as to read as follows:

Section 5. No recourse shall be had against the city and county, or any board of officers thereof, for damage or loss to person or property suffered or sustained by reason of the defective condition of any sidewalk, street, avenue, lane, alley, court or place, none of which has been finally accepted by the supervisors of the city and county as by law, or as in this charter provided, nor shall there be any recourse against the city and county, or any board or officer thereof, for damage to person or property suffered or sustained by reason of accident on any such sidewalk, street, avenue, lane, alley, court or place; but in any such case the person or persons on whom the law may have imposed the obligation to repair such defect in any such sidewalk, street or public highway, shall be liable to the party injured for the damage suffered or sustained.

When any portion of the roadway of a public street in the city and county which has been accepted by the supervisors as provided by law, shall be in such defective condition as to endanger persons or property in the use thereof; or when any public sewer is defective or in want of repair, it shall be the duty of the board of public works to cause any such defect in such roadway or in such sewer to be remedied or repaired. And, if through the official negligence of the said board such defect remains unremedied or unprotected, and in consequence thereof damage or loss to person or property is sustained or suffered, the said board shall be liable to the party injured for the damage sustained, *provided*, that a notice in writing directing attention to the existence of such defect and specifying the particular street and block thereof whereon or wherein such defect exists, shall have been served upon the said board at least five days before such damage shall have been sustained; and *provided further*, that there are at such time funds available to the said board for repairing or remedying such defects.

That Section 16, Chapter II, Article VI, be amended so as to read as follows:

Section 16. When, in the judgment of the board of public works, any portion of the roadway of any improved street, avenue, lane, alley, court or place, or any portion of any sidewalk thereof, in the city and county, none of which has been accepted by the supervisors as by law or as in this charter provided, shall be so out of repair or in such condition as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the board is authorized to notify the owner or owners of any lot fronting on said portion of said street, avenue, lane, alley, court or place, or fronting on such portion of said sidewalk so out of repair or in such condition as aforesaid, by a notice in writing to be delivered to him, or his agent, or to any of the persons referred to in Section 19 of this chapter (and for the purposes of this section any of such persons shall be deemed the "owner"), requiring such owner to repair, or reconstruct, or improve forthwith, in such manner and with such material as the board may determine and direct, said portion of said street, avenue, lane, alley, court or place, to the center line thereof, or said portion of said sidewalk in front of the lot of which he is the owner.

If said repair, reconstruction or improvement be not begun within five (5) days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the board may, if it so determine, enter into a contract with any suitable person at the expense of such owner for the doing of the work of the required repair, or reconstruction, or improvement, after the following proceedings as in this section hereinafter provided shall have been taken by the board.

The board shall cause a notice inviting sealed bids for the doing of said required work to be conspicuously posted in its office for three days (legal holidays excepted), together with the specifications for such required work. The said notice shall specify the day and hour when such sealed bids must be delivered to the board, and shall contain a general description of the work to be done, the time within which the work is to be commenced and when to be completed, and the amount of the certified check hereinafter provided for as a guaranty for the faithful performance of the contract, and shall refer to the specifications posted therewith. On the day and at the hour specified in said notice, the board shall assemble and remain in session for at least one hour, and all such bids shall be delivered to the board while it is so in session and within the hour named in the said notice. At the expiration of the hour stated in the said notice within which the bids will be received, the board shall, in open session, open, examine and publicly declare the same, and an abstract of each bid shall be recorded in the minutes of the board by the secretary. The board shall award the contract to the lowest responsible bidder, if in its judgment the bid of such bidder is reasonable and just.

The board may for good cause reject any and all bids and must reject the bid of any party who has been delinquent or unfaithful in any former contract awarded to him by the board.

No bid shall be considered by the board unless it be accompanied by a check, certified by a responsible bank, payable to the order of the clerk of the supervisors of the city and county, for an amount determined by the board and specified in the said notice inviting bids. Such check shall be held by the board as a guaranty that

CHARTER AMENDMENT No. 19.

That Chapter 2 of Article III of said charter be amended by adding three new sections to be known as Sections 7a, 7b and 7c, to read as follows

City May Purchase.

Section 7a. All franchises for street railways or franchises for railways crossing any street granted under this charter shall be subject to the right of the city and county, upon the payment therefor of a fair valuation plus the bonus hereinafter mentioned, to purchase and take over the tangible property and plant including leases of any real property necessary to such plant owned by the grantee of any franchise granted under this charter, his or its successors or assigns and used in the exercise of such franchise. Such valuation shall not include any value of the franchise or right of way through the streets or any earning power of such property. The valuation shall include as part of the costs of the plant, interest on actual investments during the period of construction prior to the commencement of operation. If the purchase be made within ten years from the time the franchise is granted, the city and county shall pay to the grantee, his or its successors or assigns, in addition to the amount of such valuation, a sum or bonus not less than ten per centum nor more than twenty per centum in the discretion of the arbitrators hereinafter provided for, of the actual cost of construction of the road and of the actual cost of all other tangible property owned by the grantee, his successors or assigns, in use, and usable for the purposes for which the franchise was granted. If the purchase be made more than ten years after the granting of the franchise then the said bonus shall be ten per cent. Such valuation shall be made and the proceedings therefor initiated upon call for the same by ordinance passed by the board of supervisors or the electors. On the passage of such an ordinance the mayor shall within thirty days appoint two arbitrators and forthwith notify the owner of said franchise of their appointment by written notice addressed as follows: "To the owner of the franchise for (inserting the name of the franchise)" and left at the office of the company operating or owning the said franchise, and call upon such owner in such notice to appoint within thirty days two arbitrators and notify the mayor of their appointment. Such arbitrators shall meet and appoint a fifth arbitrator and shall make the valuation provided for herein. In the event that such arbitrators shall be unable to agree on a fifth member within ten days from the date of the appointment of the last arbitrator so appointed, they shall request the justices of the supreme court of California to name one of their number to act as such arbitrator. If the said justices refuse, or fail for fifteen days, to appoint one of their number to serve as such fifth arbitrator, then each of the arbitrators therefore appointed shall propose a person to serve as such fifth arbitrator. The names of the persons so proposed shall be written on slips, and at a time and place designated not less than twenty-four hours in advance by the mayor, one slip shall be drawn by lot by the mayor in open meeting, in the same manner that the names of jurors are drawn from the jury box, and the person whose name is so drawn shall be the fifth member of the board of arbitration. If the arbitrators for the owner of the franchise refuse or neglect for five days to propose such names the mayor shall act as fifth arbitrator. The life of no franchise granted under this charter shall extend beyond thirty days after such notice to the owner of the franchise shall have been served as above, unless he shall have appointed such two arbitrators within such period. If any arbitrator shall die, be declared incompetent, absent himself from the State or otherwise become unable to act on such board, the vacancy shall be filled in the manner in which he was originally appointed. Upon the filing of the decision of said arbitrators, the board of supervisors shall submit to the qualified voters in the manner provided for the acquisition of any public utility, the acquisition of the said franchise, plant and property and the issuance of bonds for payment therefor. If two-thirds of the electors voting on the proposition shall approve the same, then and not otherwise, the amount of the valuation so determined and any bonus payable hereunder, shall be paid to the owner of said franchise and railroad as soon as said bonds are sold and the property and plant shall become the property of the city and county. Such bonds may, with the consent of the owner and at the discretion of the board of supervisors, be taken at not less than par by the said owner in payment for said utility. The mayor shall tender such moneys or the said bonds to said owner and unless within ten days thereafter he shall accept the same, and transfer said property to the city and county, the said franchise shall thereupon expire and all liability of said city and county to pay the above money or bonds or any sum whatsoever for such properties shall cease. Upon the acceptance of such money or bonds, the said franchise shall be extinguished.

Wages and Hours of Employees

SEC. 75. Every practical skill, trade, art, profession, or service, or industry, or occupation, or craft, or manual labor, or any one of them, shall be paid one hour from twelve o'clock to one o'clock, and one hour from seven o'clock to eight o'clock, on the same day and week, and shall be paid the same to be completed within ten hours. *Provided*, that nothing in this section shall be construed to prohibit any person or persons, male or female, from being paid for any work actually done, and such work shall be paid for on such other basis.

Penalties

SEC. 76. Failure to comply with any of the conditions provided by this charter or any other laws or ordinances which may be enacted in the city of Spokane, shall result in suspension of the franchise and the seal and other emblems thereon. There shall be no power in the mayor or supervisors to remove from such franchise or from any such condition.

QUESTION OF PERSONAL PRIVILEGE.

Senator Gates arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I rise to a question of personal privilege. On yesterday, in the course of some remarks sponsored by me on the suffrage amendment then pending before the Senate, I related an incident occurring many years ago in my own personal experience, which may have been regarded as a reflection upon a great race. The words sprung unthoughtfully in the heat of speech and without any intention or purpose to reflect or impute a discredit upon any person or people.

I desire now to disavow and to disclaim any intention to cast any imputation or the slightest reflection upon the Irish race, a people whose private virtues, whose splendid history and whose great public service to mankind have always elicited and held my sincerest respect and my warmest admiration.

I make this statement in justice to the members of this Senate who may have regarded such remark as just cause for resentment, and in justice also to myself.

QUESTION OF PERSONAL PRIVILEGE.

Senator Sanford arose to a question of personal privilege, and spoke as follows:

MR. PRESIDENT: I wish to make my position plain upon this matter. In referring to the Judiciary Committee the other day I would say that my remarks were intended in a jocular way. I have the utmost confidence in the members of the Judiciary Committee. In regard to this labor bill I will say that I am not posing as a friend of labor. I am a friend of labor, and my record of sixteen years in the Legislature will prove that fact. The monthly pay law, of which I was the author and which passed the Legislature of 1897 and signed by Governor Budd, was held to be constitutional by the Superior Judge of Mendocino County. It was afterwards held to be constitutional by Judge W. W. Morrow of the United States Circuit Court. This law was upheld and obeyed for a number of years. In the course of time, however, the attorney who represented the mill companies and opposed the constitutionality of the law became a member of the old Supreme Court Commission, and it was he who declared the monthly pay law unconstitutional. It is my desire to place another law on the statute books that will compel corporations and every one else to pay their men in cash, or the equivalent, and thus prevent the workingman from being robbed of his wages. All I desire is to secure the passage of a law that will hold water and stop this evil, known as the pay-check system.

and passengers by all railroad or other transportation companies subject to the provisions of this Act. Likewise to prescribe and establish classifications of freight.

"The commission shall also have the power to prescribe and establish, or modify or abrogate, from time to time, rules and regulations affecting the public of all such railroad and other transportation companies, for demurrage, damage and for receiving, storing, carrying, handling, delivering, switching, time of transit of freight and time of transit of passengers and affecting directly or indirectly the rendition to the public of any service connected with or incidental to the transportation of freight and passengers; likewise to prescribe from time to time forms of bills of lading, the same, however, to be as nearly as practicable in the form of bills of lading approved by the Interstate Commerce Commission of the United States; to establish through routes over connecting lines of such railroad or other transportation companies and the terms and conditions under which such through routes shall be operated and, in case the companies do not agree upon the divisions between them of the joint rates established by the commission over such through routes, to establish such divisions; *provided, however*, that where any railroad or other transportation company is made a party to a through route with another company, and such railroad or other transportation company has itself over its own line an equally satisfactory through route between the termini of the through route established, such railroad or other transportation company shall have the right to require as its division of the joint rate its local rate over the portion of its line comprised in such through route.

"The commission shall likewise have the power to require any railroad company to construct, maintain and operate, upon reasonable terms which the commission shall have the power to fix, a switch connection or switch connections with the railroad of any other company or with any private sidetrack or spur of any shipper which may be constructed to connect with its railroad, where, in the opinion of the commission, such connection is reasonably practicable and can be put in with safety and will furnish sufficient business to justify the construction and maintenance of the same, and to furnish cars for the movement of such traffic to the best of its ability, without discrimination in favor of or against any shipper. The commission shall have the power to make rules, regulations and orders to prevent discrimination in the construction, operation or maintenance of industrial tracks.

"The commission shall likewise have the exclusive power to determine and prescribe the manner, including the particular point of crossing of any crossing of a railroad or other transportation line by another such line, and also the terms of the installation, maintenance, use and protection of such crossing, and to require at any crossing of one railroad by another, where the same is practicable, a separation of their grades and to prescribe the terms upon which such separation shall be made and to prescribe, abolish or change any crossing of a railroad by a public road or highway, and to fix the terms of the construction, maintenance, use and protection of such crossing, and to require that such crossing be either at grade, or above or beneath the tracks of the railroad, and the proportions in which the expense of installing and maintaining such crossing shall be divided between the railroad company and the county or other public authority in charge of the public highway.

"The commission shall likewise have the power to require one railroad company to switch to the industrial and team tracks upon its own line the cars of a connecting railroad and to prescribe the terms and compensation for such service.

"The commission shall have the power under such uniform rules as it may make, to prescribe the amount of demurrage which shall be paid by any railroad or other transportation company for the failure on the part of any such company to furnish cars in accordance with such rules, and likewise the amount which any shipper or consignee shall pay to any such company for failure to load or unload cars ordered by, or delivered to such shipper or consignee under such rules. Such charges shall be uniform, the commission being required to prescribe the same penalty for both shipper or consignee and company for an equal number of cars for each day for which such demurrage is charged.
